ANNUAL REPORT 2022/23

TANFAC INDUSTRIES LIMITED

Expanding horizons. Igniting possibilities.

At Tanfac, we adopt a dynamic spirit and forward-thinking mindset. This guiding principle underscores our unwavering dedication to achieving growth, driving innovation, and catalysing transformation within our industry. And we aim to do this by expanding our horizons and igniting possibilities.

We believe that it is crucial to evolve continuously to stay relevant in the present day. Our aim is to explore new markets, embrace innovation and diversify our offerings. We are not content with our current position but seek growth and development. We always strive to explore new geographies, venture into different product lines or engage in strategic partnerships to extend our influence.

We are dedicated to sparking new ideas, technologies and solutions. We are ready to challenge the status quo and push boundaries to discover novel opportunities. We strongly believe in our potential to bring about positive change, not just within our own operations but also in the industry we operate in.

By expanding horizons and igniting possibilities, we are committed to pushing our limits to achieve greater success and contribute to our industry's progress.

About the report

Welcome to the first Annual Report of Tanfac Industries Limited – on completion of a year after the acquisition of joint stake and management control by Anupam Rasayan India Limited. We believe that transparency, integrity and honest communication form the bedrock of our business and this Report is our step towards these values.

The Report presents a comprehensive account of our achievements, challenges, and future prospects. It reinforces our commitment to transparency and ensures that accurate and timely information is accessible to all stakeholders.

The report contains information, data and disclosures that pertain to the period of April 1, 2022 to March 31, 2023, unless stated otherwise. We will continue to publish our Annual Report year-on-year with information that is concise and comparable over a period of time, thus enabling our stakeholders to effectively analyse our sustained performance over.

As Those Charged With Governance (TCWG), our Board of Directors has evaluated the contents presented in the report and assured its integrity to the best of their knowledge.

About Tanfac Industries

Tanfac Industries Limited (Tanfac) is a joint-sector company promoted by Anupam Rasayan India Limited (Anupam Rasayan) and Tamil Nadu Development Corporation (TIDCO). We began commercial production in March 1985 and are among the leading producers of hydrofluoric acid and its derivatives.

We cater to the diverse needs of the market through our manufacturing facilities spread over 60 acres in the chemical complex of SIPCOT Industrial Estate, Cuddalore, 200 km south of Chennai. Our infrastructure incorporates cutting-edge technology sourced from BUSS Chemtech in Switzerland and CHENCO in Germany.

We have implemented international safety systems and practices to ensure safety across our operations. Through our robust manufacturing, superior-quality products and ongoing enhancement initiatives, we forge enduring relationships with our stakeholders, thereby generating sustainable value for them.

Acquisition by Anupam Rasayan

Anupam Rasayan is one of the largest users of potassium fluoride (KF) in India. Over the years, the Company has gained requisite skill set, technical expertise and know-how to handle KF as a fluorinating agent, which gives it the confidence to develop hydrogen fluoride (HF) products that have varied applications in industries such as agro, pharma and polymers.

From the Leaders' Desk

Dear Stakeholders,

I am proud to present to you the Annual Report 2022-23 of Tanfac Industries Limited. This is our first report since the Company's acquisition of joint stake and management control by Anupam Rasayan India Limited. The year has been one of several learning and growth opportunities.

STRONG PERFORMANCE

I am proud to inform you that we recorded our highest-ever revenue, PAT and EBITDA during the year. Our revenue stood at ₹374.95 crore, PAT at ₹56.13 crore and EBITDA at ₹82.68 crore. The reasons that contributed to this success are manifold.

First is our unwavering dedication to customer centricity. Through our meticulously designed customer-centricity programmes, we successfully offered tailored products that have not only met but exceeded our customers' expectations. This yielded a remarkable surge in customer loyalty, resulting in a heightened share of their business.

Second, we adopted innovative approaches across our operations, which significantly enhanced the quality of our products. They also strategically positioned us to effectively manage costs while maximising the utilisation of our production capacity across all our plants. This has undoubtedly fortified our competitive stance within the industry, underscoring our commitment to both efficiency and excellence.

Next, we successfully navigated the volatile landscape of raw material prices and managed to mitigate the adverse impacts of price volatility. This strategic pivot further fortified our financial stability, ensuring

sustainable growth even in the face of unpredictable market fluctuations. Moreover, your Company continues to be debt-free.

I am pleased to share that our affiliation with our parent company, Anupam, has yielded substantial benefits, particularly in terms of increased business for Potassium Fluoride. This synergy exemplifies the strength of collaboration within our corporate ecosystem and highlights our collective pursuit of success.

Finally, we strategically embarked on a job rotation initiative for our people. This not only enriched the versatility of our workforce but also unlocked a reservoir of untapped potential within our talent pool. The results have been tangible, leading to increased adaptability, efficiency and innovation across our workforce.

These strategic elements seamlessly converged to set the stage for an unprecedented milestone in our Company's history.

RESPONSIBLE BUSINESS

For us, responsible operations means being responsible towards our business, customers, the environment and society.

We doubled our focus on our solar cell segment during the year and doubled sales from 253 MT in FY2022 to 612 MT in FY2023. We have ambitious plans and goals for this segment and will continue to deliver high quality to our customers.

Meeting our customers' needs is our priority; we embarked on a Customer Intimacy Program for this purpose. The program helped us get 20 new customers this year and the revenue from them amounted to ₹48.4 crore. We invested significantly towards improving our products and services which resulted in a sharp increase in the sales and market share of HF having recorded

66% increase in volume and 97% increase in revenue.

Being an operator in the chemical industry, it is crucial for us to minimise our impact on the environment and society. Our newly formed Innovation Team worked on 8 projects focused on energy savings and emission reduction. Our Cross-Functional Team's efforts contributed to a reduction of 30,000 MT CO₂e, equivalent to planting 1.6 lakh mature trees.

We believe that when a business succeeds, it must contribute to the empowerment of the communities it operates in. During the year, we supported the education of underprivileged students, conducted eye check-up camps and contributed to environment conservation. In the years to come, we will continue to uphold our responsibility as a corporate citizen and undertake initiatives for the betterment of the society and environment.

READY FOR THE NEXT PHASE OF GROWTH

The achievements in the current year have encouraged us and I am thrilled to announce a major step forward for our company. We've decided to expand our HF plant, increasing its capacity from 14,750 MTPA to an impressive 29,500 MTPA. This expansion comes with a significant investment of ₹100 crores and is set to take shape over the next 15-18 months. Currently in progress, this project is projected to become operational in FY2025.

We are gearing up to invest in several downstream fluorine products in the upcoming years, capitalising on our growth trajectory while staying steadfast in our commitment to efficiency. Our continued investments in cost-reduction

initiatives underscore our dedication to refining our processes and driving excellence. Furthermore, innovation remains at the heart of our strategy. To facilitate the rapid development of new molecules, we are in the early stages of establishing a cutting-edge R&D plant within our existing facility. This move exemplifies our dedication to pushing boundaries and pioneering advancements in our field.

PROGRESSING WITH GRATITUDE

Our journey from inception till date tested our resilience, yet also illuminated our journey with instances of success. I believe it is now time for us to ride the momentum and focus on our next phase of growth. As we progress, we will continue to offer superior-quality products to our customers while focusing on safety and environmental sustainability.

This successful year is a testament to the collective dedication and tenacity of our remarkable workforce. I extend my heartfelt gratitude to each member for their dedication and passion. And to special investors and shareholders, your ongoing trust in us has been like a guiding light that keeps us going, even when things are tough. We are incredibly grateful to you for that.

I am confident that we will achieve new important goals and keep progressing towards more growth and success.

AS A MARKET LEADER IN INDIA FOR SPECIALTY CHEMICALS LED BY OUR FOCUS ON BETTER LIVING AND GOOD CHEMISTRY WITH EVERY INNOVATION, **OUR STAKEHOLDERS HAVE HIGH EXPECTATIONS OF OUR FINANCIAL PRUDENCE, WHICH WE DRIVE TOGETHER WITH OUR COMMITMENT TO SUSTAINABLE GROWTH.**

Trends in the Specialty Chemical Industry

Throughout our journey, we have dedicated efforts to establish a robust foundation for harnessing avenues of expansion. Our unwavering commitment to research and development, along with the cultivation of fundamental strengths, has positioned us as a frontrunner in the industry we operate in.

We are adept at comprehending the trends that mould our industry and maintaining a competitive edge accordingly. We adopt a proactive approach to remain agile in our operational landscape and seamlessly integrate these insights into our decision-making.

Sustainability

On a global scale, the imperative to tackle climate change and reduce environmental impact has never been more urgent. The chemical industry is under particular scrutiny, with the expectation to transition toward green chemistry, optimise resource usage, adopt effective waste management practices, and invest in eco-friendly technologies.

Customer-centricity

Across the globe, customers are progressively demanding that their supply chains exhibit both agility and competitiveness to fulfill their current and future requirements. Moreover, during H1 FY2023, a period marked by widespread supply chain disruptions and scarcity of specific raw materials, agrochemical and pharmaceutical enterprises placed heightened demands on their supply chains. These demands entailed not only navigating challenges but also ensuring uninterrupted production.

Supply chain diversification

Recent events, such as the pandemic, the Russia-Ukraine war, and elevated inflation, have triggered significant disruptions in global supply chains. While the situation has shown improvement, companies are proactively taking measures to decrease their reliance on specific regions or suppliers, ensuring greater resilience against potential future challenges. As a result, there is a noticeable trend wherein Asian and Indian chemical firms are witnessing a surge in inquiries. This shift is motivated by two main factors. Firstly, companies are pursuing diversification regardless of their European operations. Secondly, they are engaging Asian players during the early stages of product development rather than the later phases. Indian chemical players possess unique advantages that position them well to seize these opportunities, including expertise in specialty chemical manufacturing, competitive costs, and quality. Moreover, government incentives provide further bolstering to their competitive stance.

Technical know-how and digitalisation

Chemical companies are increasingly embracing a trend of elevating their position within the value chain to produce value-added goods. This shift has resulted in heightened investments aimed at bolstering technical prowess—a crucial driver of innovation that empowers companies to cater to evolving demands. Simultaneously, the significance of technology and automation investments has grown, streamlining manufacturing processes, augmenting product value, and boosting efficiency. The advantageous combination of advanced technologies and a skilled workforce among Indian manufacturers maximises productivity and ensures top-notch quality.

Leveraging Opportunities

Hydrofluoric Acid (HF) is a versatile chemical used across a spectrum of industries, including refrigerants, stainless steel, solar cells, electronics, intermediates for pharmaceuticals and agro products. As market demands for these industries grow, ensuring a stable and sufficient supply of HF becomes paramount. Recognising this, Tanfac, a veteran and reputable player in the chemical manufacturing sector, presented a plan to expand its existing HF plant to achieve an annual production capacity of 14,500 MTPA. The expansion will bridge the gap between supply and demand, preventing potential shortages that could hinder industrial progress.

BENEFITS OF THE EXPANSION

Stable supply

By increasing the production capacity, we will be well-positioned to meet the growing market demand consistently. This stability in supply is crucial to maintaining the smooth operation of downstream industries.

Economic growth

The expansion is expected to generate economic benefits on multiple fronts. It will create job opportunities during both the construction phase and subsequent plant operations. Moreover, the increased production could stimulate regional economic growth through associated activities and services.

Industry competitiveness

Our expanded capacity will enhance our competitiveness in the market. By providing a reliable source of HF, we can solidify our position as a preferred supplier for industries dependent on this compound.

Environmental and safety considerations

While the expansion holds promising benefits, it is imperative to address environmental and safety concerns associated with chemical production. We will prioritise the implementation of state-of-the-art safety measures and environmentally friendly practices. This could include technologies to mitigate emissions, efficient waste management and adherence to regulatory standards to minimise any potential negative impact on the environment.

Risk Management

Risk is intrinsic to business. In our challenging, dynamic context, we're proactive in managing risk to achieve our vision. While risk can't be eradicated, our program lessens, avoids, or shares it. We've formed a Risk Management Committee of senior employees, clarifying roles and procedures for assessment and mitigation. This encompasses risk identification, handling, monitoring, and reporting. Challenges like the Ukraine War disruptions led us to a supply chain risk plan. Details aligned with Companies Act, 2013, are quarterly reviewed by the Audit Committee. Our internal controls, encompassing policies and procedures, ensure orderly business conduct, policy adherence, asset safeguarding, accurate records, and timely, reliable financials.

Risk Type	Risks	Mitigation
Fluctuating US Dollar	The prices of our key raw materials – Fluorspar, Sulphur and Potassium Carbonate – are impacted by the movement of the US Dollar. Fluorspar and Potassium Carbonate are imported. High dependence on China for Fluorspar, which is promoting export of more value-added products, puts pressure on the availability and margins.	We have expanded the vendor base outside China and developed sources from other geographies, cemented relationships with these sources and successfully avoided dependency on Chinese origin. We are continuously exploring other options to sustain this.
HF demand	There might be volatility in the demand for HF and a downward trend in the end-user segment.	We are focusing on specialty grade HF and Value-Added Products (VAPs). We are also retaining existing customers through competitive pricing, expanding the market of HF in Asia-Pacific markets and increasing export volumes.
Price volatility	There might be a drop in the price for Sulphuric Acid and a volatility in Sulphur prices.	We are working on alternate downstream products and reducing the cost of production through process improvement and innovation.
Statutory compliance risk	The country's regulatory framework is ever-evolving and the risk of non-compliance and penalties may increase for the business, leading to financial and reputational risks.	We have institutionalised a comprehensive risk-based compliance programme, including training and adherence to the Code of Conduct. We encourage our employees to rely and seek professional guidance and opinion to discuss the impact of any changes in laws to ensure total compliance. Periodic reporting to the internal committees on any legal aspects and quarterly reporting to the Board on statutory compliance ensures effectiveness of the programme.

Risk Type	Risks	Mitigation
Environmental risk	The Company could face the risk of environmental pollution through the discharge of waste and emissions.	We have undertaken various initiatives towards de-risk and environment protection. We ensure stringent implementation of safety and environment protection measures. We have also adopted measures such as rainwater harvesting and water recharge that help us overcome challenges related to water availability. We continue to maintain green belt within and outside the factory premises.
Economic risk	Economic slowdown particularly due to disruption in global supply chain and prolonged Russia-Ukraine war may affect the performance of the Company, resulting in a downward trend in sales volume, profitability and growth.	We are continuously focussing on expanding and increasing the share of our VAPs in line with market demand. We have also made a comprehensive Business Continuity Plan (BCP) for the next financial year, which focuses on cost and cash optimisation. The BCP is being monitored continuously as the situation evolves.
Risk of attrition	Employee attrition may affect the day-to-day operations / performance of the Company.	To retain talent, we have instituted a suitable reward mechanism and provide additional specialised training to our employees. New ideas / kaizens given by the employees are well appreciated and suitably rewarded.
Credit risk	Excess credit facility to customers and higher inventory may affect the Company's overall performance.	By reviewing the credit policy and credit limits of customers, the credit limit facility is being continuously managed prudently. Inventory and advances are continuously monitored and maintained at the desired level balancing the dynamics of price movements and supply chain situation. Collections from customers are being monitored everyday by the senior management.
Foreign exchange risk	The prices of key of raw materials are influenced significantly by fluctuating global economic conditions, and this significantly impacts the Company's margins and cash flows.	We have a well-defined Hedging Policy and hedge our net foreign exchange risk adequately as per the policy.
IT risk	Your Company deploys IT systems, including ERP, to support its business processes, communications and operations. Risks could primarily arise from downtime, manipulation of information, data integrity and security.	We use backup procedures and store information at different locations. Periodical upgradation of systems with the latest security standards are ensured. For critical applications, security policies and procedures are updated periodically and users are educated on adherence to the policies to eliminate data leakages.
Geopolitical risk	The rising fuel prices in the wake of geopolitical tensions have had an adverse impact on the cost of manufacturing due to increased raw material, fuel and energy costs. For your Company's business, raw material, fuel and logistics form a significant share of the total cost.	We continuously make efforts to reduce the impact caused by disruptions due to geopolitical tensions by passing through the increase in main raw materials to the customers. We also focus on improving the operation parameter and on sustained energy saving schemes.

Responsible Business

At Tanfac, we integrate business success with community well-being and environmental conservation. Through ethical practices, community engagement and environmental stewardship, we demonstrate that it is possible for businesses to thrive while also fostering a sustainable and equitable future for all.

COMMUNITY EMPOWERMENT

Education

- Offered higher education support to the economically backward students of Cuddalore District
- Supported 4 government schools in nearby villages to avoid school dropouts
- Contributed to the construction of a classroom and yoga hall for Kala Kendrum School, Cuddalore.

Health

- Conducted eye camps for a few village government schools
- Contributed for a dialysis machine for the free dialysis of patients who could not afford it
- Contributed to physiotherapy and sensory integration therapy for children to improve their health conditions
- Supported the District Administration for conducting drug addiction awareness campaign
- Provided for medicine and other requirements for cancer-affected children in Pattanur, Villupuram district

Welfare projects

- Supported International Chess Olympiad 2022 organized by the Tamil Nadu Government
- Supported the District Administration in spreading sports awareness to maintain the health conditions of society
- Provided cardiac bed to Advanced Primary Health Centre, Karaikadu
- Offered education support to government schools through NAMMA SCHOOL FOUNDATION formed by the Tamil Nadu Government

REDUCTION IN CO₂

Since we operate in the chemical industry, it is our endeavour to manage the environment responsibly. We formed an Innovation team that worked on at least 8 different projects on energy savings and CO₂ emission reduction. Our Cross Functional Team achieved a reduction of 30,000 MTCO₂e per year, which is equivalent to planting of 1.6 lakh mature trees per year.

We have planned several such projects which will offer substantial cost reduction and improve our environmental and financial sustainability through innovation.

INVESTMENT IN SAFETY AND ENVIRONMENT

The New Anupam Management of Tanfac has strong expertise in safety and environment. During the year, we spent 40% higher than the previous year on these initiatives.

We also undertook a few other initiatives for environment conservation:

- Contributed to the District Administration towards the desilting of lakes/ponds towards conservation of water
- Provided a cloth bag vending machine to prevent the use of plastics to conserve the environment
- Conducted environment plastic abatement awareness programme for the public by providing Manjappai (meaning 'yellow bag' in Tamil) in co-ordination with TNPCB and the District Administration

1. ECONOMIC OVERVIEW

1.1. Global economy

Global economic growth is expected to fall from 6% in 2021 to 3.2% in 2022 and an estimated 3% in 2023 and 2024.

Inflation continues to weigh heavily on economic activity, with central banks striving to fight it with their policy rates. The Russia-Ukraine war is expected to intensify further, raising food, fuel and fertiliser prices. Moreover, El Niño might result in extreme temperature increases, resulting in droughts and increased commodity prices. The non-renewal of the Black Sea Grain Initiative adds to these concerns*. Global headline inflation is expected to fall from 8.7% in 2022 to 6.8% in 2023 and 5.2% in 2024.

Supply chains have recovered from the impact of the pandemic and shipping costs and delivery times are back to pre-pandemic levels. However, concerns about high interest rates remain. Banks in advanced economies have tightened lending standards, limiting credit supply.

Borrowing costs for emerging market and developing economies remain high. The share of these economies with sovereign credit spreads above 1,000 bps remained at 25% as of June 2023 (compared with only 6.8% two years ago).

Consumption in the services sector is returning to pre-pandemic levels in a number of emerging market and developing economies in Q1 2023. Non-service sectors such as manufacturing slowed down. Firms have scaled back investment in productive capacity due to reduced consumption of goods, the uncertain geoeconomics landscape, weak productivity growth and a more challenging financial environment.

Emerging markets growth is expected to hold near the pre-pandemic average at ~3.9% in 2023, supported by India and China. After three years and continued monetary policy support, China is expected to rebound to 5.2% in 2023 from 3% on the reopening of the economy. India, on the other hand, is expected to remain amongst the fastest-growing economies as per the International Monetary Fund (IMF).

**The Black Sea Grain Initiative allows for commercial food and fertiliser (including ammonia) exports from three key Ukrainian ports in the Black Sea. The Initiative was not renewed after its third term, which expired on July 17, 2023.*

1.2. Indian economy

The Indian economy grew by 7.2% in FY2023. An uptick in private investments, capital spending by the government and a sharp rise in service exports fuelled this growth.

The various segments within the services sector, as well as the construction and real estate industries, are maintaining strong performance. This is evident from the rise in sales of cement and steel, an uptick

in both freight and passenger transportation, positive Index of Industrial Production (IIP) figures relating to construction, and a notable expansion in banking credit extended to the services sector.

The manufacturing sector grew by 1.1% during the year. Credit to manufacturing, particularly large industries, significantly dropped after September 2022. Nonetheless, credit to the cement and steel sectors surged by 20%, highlighting the influence of increased government infrastructure spending and the robust construction/real estate sectors. Notably, there's no expansion of bank credit in the infrastructure sector. India's service exports grew at over 28% in FY2023 in dollar terms as against 9% growth for non-oil merchandise exports. Consumer inflation moderated to 4.7% in April 2023 and WPI to -0.5%.

The Indian economy is projected to grow by 6.5% in FY2024 according to the government and Reserve Bank of India (RBI). Positive PMI scores for manufacturing and services, along with confident business outlooks from RBI surveys, bolster optimism in India's growth. Stable macroeconomic indicators, a robust external sector, record-low NPAs, deleveraged corporate balance sheets, sustained consumption, thriving service exports, growth-oriented government spending, digitalisation efforts and a greener transition collectively shape India's trajectory. A revitalised private investment cycle in manufacturing and infrastructure could pave the way for a multi-year growth phase.

1.3. Union Budget 2023-24

Union Budget for 2023-24 was expected to lay foundation for future with 33% increase in capital outlay to ₹10 lakh crore through schemes like PM Ghati Shakti, productivity enhancement and investment in emerging opportunities. Apart from these, measures like acceleration of road construction by 20% indicate strengthening of India's position as long term and credible global supplier of Goods and Services. The Budget also draws road map for transforming India into developed nation in Amrit Kal phase.

2. INDUSTRY OVERVIEW

2.1. Global chemicals industry

The global chemical industry is a vital and intricate component of the global economy and supply chain. It transforms materials such as fossil fuels, minerals, water and metals into numerous products crucial to modern life. The global chemicals market grew from US\$4,700 billion in 2022 to US\$5,079 billion in 2023 at an 8.1% CAGR. It is expected to grow to US\$6,851 billion in 2027 at a CAGR of 7.8%.

The global specialty chemicals market was valued at US\$738.23 billion in 2022. The market value is forecasted to grow to US\$998.94 billion by 2028. The market is anticipated to grow at a CAGR of ~5% during the forecasted period of 2023-2028. The growth is mainly driven by increased needs in construction, water treatment, and electronics chemicals. Process technology improvements and trade liberalisation further contribute.

Favourable low interest rates in many developed nations had a beneficial effect on the chemicals sector. They stimulated borrowing and enhanced investment liquidity, enabling chemical enterprises to secure funds for process improvements and consequently driving market growth. However, the escalation of raw material expenses led to substantial manufacturing costs, reducing the funds allocated for the research and development of novel products.

During 2022, China surpassed the United States as the world's leading ethylene producer, the foundational component for over 75% of petrochemical goods. Anticipated for 2023 is an unprecedented addition of approximately 140 million tonnes per year in chemical and fertiliser capacity, surpassing the previous record of 90 million tonnes per year in 2014. Within the next two to three years, China could potentially generate ample ethylene to satisfy domestic requirements and even have an excess for potential export. The Chinese overcapacity is a cause of concern for other countries.

The following trends are dominating the global chemicals industry:

Sustainability and innovation

Numerous chemical firms have pledged substantial emissions reduction goals. Around 70 global companies aim for net-zero or carbon neutrality by 2050. The carbon-neutral concept is poised to accelerate, generating numerous fresh prospects within the chemical value chain. Emphasis will be on renewable energy, electric mobility, green chemistry, and the increasing adoption of the 3R principle: reduce, reuse and recycle. The current task is to transition these technologies from pilot phases to widespread implementation and adoption at an accelerated pace.

Portfolio transformation

Mergers and acquisitions (M&A) in the chemicals sector have notably intensified, driven by ambitions to attain economies of scale, expand product ranges, and broaden geographic presence. Multiple factors propel this M&A surge, including accessible debt, increasing private equity engagement, pandemic-related liquidity strains on distressed firms, and a corporate inclination to divest underperforming or non-core operations.

Supply chains

The pandemic-induced disruptions led to distribution challenges in the chemical sector. The recent closure of European plants due to geopolitical uncertainties adds another hurdle for supply chains. In the post-pandemic era, effective supply chains will need to strike a balance between agility, efficiency and resilience.

Digitalisation

With the evolution of digital technologies in the last decade, major chemical producers have undertaken diverse digital initiatives, ranging from enhancing the digital core to conducting focused pilot programs. The industry has expanded into digital customer experiences, incorporating mobile interactions, predictive analytics, and cloud architectures. These investments in the last five years have crucially validated the digital business case.

In 2023, directed investments are likely to concentrate on comprehensive supply chain management and visibility. Producers might leverage digital technologies more to fuel materials innovation and accelerate cost-effective formulations through evaluation, optimisation and integration of ingredient recipes and domain expertise.

2.2. Indian chemicals industry

The chemicals sector of India holds a prominent position in the worldwide market, standing as the 6th largest producer and the 14th largest exporter. This industry supplies vital building blocks and raw materials to various sectors like agrochemicals, pharmaceuticals, textiles, paper, paints and soaps. Presently valued at US\$220 billion, it is predicted to achieve a growth rate of ~9% annually from 2020 to 2025, reaching US\$300 billion by FY2025. The sector's trajectory aims to cross the US\$1 trillion mark by FY2040.

On a global scale, India ranks as the fourth-largest agrochemical producer, trailing the United States, Japan, and China. Within the realm of dyestuffs and dye intermediates, India holds a share of 16-18% of the world's production. The Indian colorants industry has significantly established itself, commanding approximately 15% of the global market. India's chemicals sector operates without licensing, except for a handful of hazardous chemicals. By 2030, this industry is anticipated to contribute US\$383 billion to India's GDP.

An anticipated investment of ₹ 8 lakh crore (approximately US\$107.38 billion) is projected for the Indian chemicals and petrochemicals sector by 2025. Specialty chemicals encompass 22% of the entire chemicals and petrochemicals market in India. The demand for specialty chemicals is projected to grow at a 12% CAGR from 2019 to 2022. To foster development, the Department of Chemicals & Petrochemicals plans to introduce a Production-Linked Incentive (PLI) scheme and revise the Petroleum, Chemicals, and Petrochemicals Investment Region (PCPIR) guidelines. The government intends to host roadshows in eight international markets to attract investors to the newly launched PCPIR near the upcoming crude oil refinery in Pachpadra village, Rajasthan.

Allocating ₹ 173.45 crore (about US\$20.93 million) to the Department of Chemicals and Petrochemicals, the Union Budget 2023-24 underscores the government's commitment. A vision for 2034 has been outlined to enhance domestic production, reduce imports, and attract investments in the chemicals and petrochemicals sector. The government envisions a production-linked incentive system with 10-20% output incentives for the agrochemical sector and aims to cultivate comprehensive manufacturing clusters for an end-to-end ecosystem.

Even amidst the ongoing pandemic, the Indian chemical industry finds itself amid numerous prospects, given the supply chain disturbances in China and trade tensions involving the US, Europe, and China. Concurrently, China's anti-pollution actions are poised to generate specific opportunities for India's chemical sector.

To further bolster production and industry growth, additional backing in the form of fiscal incentives, such as tax benefits and special advantages through PCPIRs or SEZs, can be instrumental. The establishment of dedicated integrated manufacturing hubs under the PCPIR policy aims to attract an impressive investment of ₹ 20 lakh crore (~US\$276.46 billion) by 2035.

2.3. Global fluorochemicals industries

The global Fluorine chemicals market is on an upward trajectory, projected to grow at a 5% CAGR, reaching a valuation of USD 30 Billion by 2028. This surge in demand can be attributed to the escalating consumption of Fluorine chemicals in various sectors such as Electronics, Automobiles, and PV industries. Particularly, the Asia-Pacific region dominates the fluorochemicals segment, reflecting its growing consumer base in these aforementioned applications. Moreover, the pharma industry has a notable reliance on Speciality Fluorine. It's noteworthy that around 20% of pharmaceutical drugs have fluorine as a component in their makeup.

3. COMPANY OVERVIEW

Tanfac Industries Limited (the Company) is a collaborative venture between Anupam Rasayan India Limited® and Tamil Nadu Industrial Development Corporation (TIDCO). Its manufacturing facilities span 60 acres within the chemical complex of SIPCOT Industrial Estate, Cuddalore. Situated 20 km south of Pondicherry and around 200 km south of Chennai, India, the Company commenced commercial operations in March 1985. Today, it stands as a prominent producer of Hydrofluoric Acid and its associated derivatives.

3.1. Performance

The Company reported a historic year with its highest-ever revenue, PAT and EBITDA. Revenue reached ₹ 374.95 crore, PAT stood at ₹ 56.13 crore and EBITDA at ₹ 82.68 crore. This success is attributed to several key factors.

First, the Company's unwavering focus on customer centricity led to tailored products exceeding expectations, enhancing loyalty and market share. Second, innovative operational approaches improved product quality and cost efficiency, strengthening our

industry position. Third, adeptly navigating volatile raw material markets bolstered financial stability and sustainable growth. Notably, the Company is now debt-free as of FY2023. Affiliation with Anupam brought benefits, notably in the Potassium Fluoride business. Lastly, strategic job rotation enriched the Company's workforce, fostering adaptability and innovation.

3.2. Outlook

The Company has announced the expansion of its HF plant by increasing its capacity from 14,750 MTPA to 29,500 MTPA at a project outlay of ₹ 100 crores to be implemented in the next 15-18 months. The project is currently under implementation and is expected to go on stream in FY2025. The Company also has plans to invest in various downstream fluorine products in the coming years. Apart from this, the Company will continue to invest in cost reduction programmes to improve process improvement. It also plans to set up a new R&D plant at its existing facility to expedite the development of new molecules.

4. RISKS AND THEIR MITIGATION

Please refer to page number 18 to know more about the risks that may impact our operation and financial performance and how we address them.

5. HUMAN RESOURCES

When Anupam Rasayan took over, the main challenge was managing the change in management. However, the Company addressed people's concerns in a positive way, which kept employee engagement high.

The Company understood the training needs of each employee and met those needs promptly. In FY2023, the Company offered 2,903 hours of training, compared to 1,964 hours in FY2022, leading to increased productivity. This allowed it to maximise the productivity of its existing workforce, resulting in the highest capacity utilisation across all our plants and ultimately boosting productivity.

6. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Tanfac Industries Limited has established robust internal controls, including policies, guidelines and procedures, tailored to its industry's demands. This system ensures checks, balances, and reliable financial reporting. Compliant with regulations, the company follows strict processes, ensuring accurate financial and operational data. The internal team and audit committee monitor operations, maintaining strong financial controls. The Company safeguards assets, detects anomalies and ensures accurate financial information. Deviations are reported and addressed promptly, maintaining business continuity through a solid internal control framework.

7. CREDIT RATING

ICRA Limited a credit rating agency has rated ICRA A- (Stable) for Cash credit limit of ₹25 crore and ICRA A2+ for Non-Fund Based Limit of ₹55 crore. Acuite Rating & Research Limited have also rated ACUITE A-(Stable) for Fund Based Limit of ₹42 crore and ACUITE A2+ for Non-Fund Based Limit of ₹58 crore.

8. FIXED DEPOSITS

The Company does not accept any fixed deposits from the public falling under Section 73 of the Companies Act, 2013 ('the Act') and the Companies (Acceptance of Deposits) Rules, 2014.

9. CAUTIONARY STATEMENT

Tanfac Industries Limited may, from time to time, issue further forward-looking statements through written or spoken means, including filings with BSE and NSE, and reports to shareholders. The Company does not commit to revising these statements made periodically by or on its behalf. All content within this presentation is exclusively prepared by Tanfac Industries Limited. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. CONSERVATION OF ENERGY:

(a) Steps taken for Conservation of Energy:

Your Company has adopted various Energy Conservation measures during the Financial Year 2022-23 at its manufacturing facility at Cuddalore, viz., Hydrofluoric Acid, Sulphuric Acid and Specialty Fluorides plants.

(b) Major Energy Conservation initiatives taken during the Financial Year 2022-23:

- * Waste heat from the HF chimney was utilized to dry fluorspar, resulting in significant reduction in FO norms.
- * The efficiency of the cooling tower was improved resulting in operation of single cooling tower for all chillers, leading to substantial reduction in power consumption.
- * Steam was replaced with hot water for distilling product by utilizing waste heat, thereby reducing steam norms significantly.
- * The productivity of sulphuric acid was increased by another 8%, which in turn increased steam generation. This approach, along with the reduction in steam consumption and increased waste heat steam generation, enabled the complete cessation of the coal-based process boiler.
- * Variable Frequency Drives were installed in few more equipment to optimise energy consumption.
- * Reduced Energy consumption by directly consuming the sulphuric acid from the production to the process of another Plant eliminating intermediate storage.
- * Your Company continues to work on various energy conservation measures in Power Plant and all process plants.

The Company has achieved significant cost savings through these initiatives

(c) Steps taken by the Company for utilizing alternate sources of energy:

No alternate sources of energy were utilized in the process carried out in the product mentioned in Sl. No1(b) above.

(d) The capital investment on energy conservation equipment:

₹ 189 Lakhs

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

The Company values the unique goals of its stakeholders and engages with them through various communication channels based on their relevance and preferences.

The Stakeholders Relationship Committee plays a vital role in facilitating constructive engagement and resolving any arising issues. Additionally, the committee is responsible for continuously reviewing the steps taken to enhance stakeholder engagement.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes/No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes. Stakeholder consultation is used to support the identification and management of environmental and social topics. The business determines its stakeholders based on experiences, knowledge, sectoral landscape, and organizational influence.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/marginalized stakeholder groups.

Every neighborhood close to our factories is seen as a crucial stakeholder. Because of the energy, water, and raw materials we use, as well as the emissions and waste streams we produce, we are aware of the immediate and indirect, socioeconomic and environmental effects it has on the communities. We have always seen our dedication to Corporate Social Responsibility as a chance to maximize good benefits and minimize negative ones. For instance, we are dedicated to empowering and supporting vulnerable and marginalized groups through education and skill development programs. The Company also strives to enhance its relationship with the local community by organizing various events such as community drives, women's day celebrations, cricket tournaments, and road safety campaigns, among others. These initiatives demonstrate the Company's strong commitment to social responsibility and building a better future for all.

PRINCIPLE 5: Businesses should respect and promote human rights

The Company is actively promoting a work environment free from harassment and discrimination and promotes a healthy and inclusive workplace. The dedication shown in developing strong policies and systems to guarantee the welfare and empowerment of the workforce is evident. It is further emphasized the significance of treating every stakeholder with respect and fairness by conducting training and awareness programs that cover topics like dignity, well-being, and human rights.

3. Describe the mechanisms to receive and redress grievances of the community

We have a comprehensive grievance redressal mechanism for all our stakeholders. The grievance handling process is designed to be inclusive and accessible, with individuals able to submit grievances in written or verbal form and in various local languages. These grievances can be submitted through postal mail and local community relations staff to the Vigil Department of the Company. Anonymous grievances and those made on behalf of others are also accepted, and local suppliers are also welcomed to express their concerns.

Upon receiving a grievance, the Company acknowledges its receipt and assesses its severity before assigning it to a designate person from HR/Legal dept, who will follow through the process to ensure effective redressal. Grievances that are deemed to be of high severity are escalated to senior management levels for further investigation. The designated grievance manager and relevant departments work together to investigate the grievance and propose a resolution to the complainant. In some cases, additional information may be requested from the complainant to ensure a thorough investigation.

The Company strives for a dialogue-based approach to resolving grievances, working together with the complainant to find a resolution. Remedies are proposed on a case-by-case basis, and if the proposed solution is not accepted by the complainant, they have the option to appeal. The appeal will be reviewed by alternate investigators to ensure a fair evaluation of the grievance.

The Company's ultimate goal is to resolve grievances quickly, and once the complainant accepts the proposed solution, the grievance is considered resolved.

INDEPENDENT AUDITOR'S REPORT ON CORPORATE GOVERNANCE

To the Members of Tanfac Industries Limited

1. We have examined the compliance of conditions of corporate governance by Tanfac Industries Limited (the 'Company') for the year ended March 31, 2023, as stipulated in Regulations 17 to 27, clauses (b) to (i) of Regulation 46(2), and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the 'Listing Regulations').

Management's Responsibility

2. The preparation of the Corporate Governance Report is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents. This responsibility also includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Corporate Governance Report.

The Management along with the Board of Directors are also responsible for ensuring that the Company complies with the conditions of Corporate Governance as stipulated in the Listing Regulations, issued by the Securities and Exchange Board of India.

Auditor's Responsibility

3. Pursuant to the requirements of the Listing Regulations, our responsibility is to express a reasonable assurance in the form of an opinion as to whether the Company has complied with the conditions of corporate governance stipulated in the Listing regulations as stated in paragraph 2 above. Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring the compliance with the conditions of corporate governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
4. We conducted our examination of the Corporate Governance Report in accordance with the Guidance

Note on Certification of Corporate Governance issued by the Institute of Chartered Accountants of India (the 'ICAI'), and the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

5. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

6. Based on the procedures performed by us and to the best of our information and according to the explanations provided to us, in our opinion, the Company has complied, in all material respects, with the conditions of corporate governance as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and para C and D of Schedule V to the Listing Regulations during the year ended March 31, 2023.
7. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restriction on use

8. This Report is addressed to and provided to the members of the Company pursuant to requirement of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations"). Our certificate should not be used for any other person or for any other purpose. Accordingly we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing. We have no responsibility to update this report for events and circumstances occurring after the date of this report.

Independent Auditor's Report

To The Members of Tanfac Industries Limited

Report on the Audit of the Financial Statements

OPINION

We have audited the accompanying financial statements of **Tanfac Industries Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2023, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013 ("The Act" or "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended 31st March, 2023. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Based on our judgement, we have determined that there is no key audit matter to be communicated in our report.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's management and Board of Directors is responsible for the other information. The other information

comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard. When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the applicable laws and regulations.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

The Company's management and Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended]. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in

(i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended 31st March, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, (hereinafter referred to as the "Order"), we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act;

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in “Annexure B” to this report;
- (g) With respect to the matter to be included in the Auditors’ Report under Section 197(16) of the Act, in our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 28.4 to the financial statements;
 - ii. The Company has accounted for material foreseeable losses, if any, for long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, if any, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediaries shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, if any, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c) Based on such audit procedures, we have considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- (i) The dividend declared or paid during the year as well as the dividend proposed (which is subject to members approval at the ensuing Annual General Meeting) by the Company are in compliance with Section 123 of the Act.
- (j) As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only w.e.f. 1st April , 2023, reporting under this clause is not applicable.

Annexure – A to the Independent Auditor's Report

(Referred to in paragraph 1 of the Independent Auditors' Report of even date to the members of TANFAC INDUSTRIES LIMITED on the financial Statements as of and for the year ended 31st March, 2023)

We report that:

- i. In respect of its Property Plant and Equipment and Intangible Assets:
 - a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of its property, plant and equipment.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
 - b) The Company has a regular program of physical verification of its property, plant and equipment by which all such assets are verified in a phased manner over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain property, plant and equipment were physically verified by the Management. In our opinion, and according to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - c) According to the information and explanations given to us and on the basis of our examination, title deeds of the immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in schedule of Property, Plant and Equipment to the financial statements, are held in the name of the Company.
 - d) The Company has not revalued its property, plant and equipment (including right of use assets) and intangible assets during the year. Therefore, the provisions of clause 3(i)(d) of the Order are not applicable to the Company.
 - e) According to information and explanations given by the management, no proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder. Therefore, provisions of clause 3(1)(e) of the Order are not applicable to the Company.
- ii. In respect of its Inventories:
 - a) As per information and explanations provided to us, physical verification has been conducted by the management at reasonable intervals during the year in respect of inventory of raw materials, work in progress, finished goods and by products and no material discrepancies were noticed on such physical verification.
 - b) Based on our examination of the books of accounts of the Company, with respect to the sanctioned working capital limits availed from banks or financial institutions, the Quarterly return/statements have been regularly submitted by the Company and no material discrepancies were noticed.
 - iii. According to the information and explanations provided to us, the Company has not made investments in, provided guarantee or security or granted loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. Therefore, the provisions of clause 3(iii) of the Order are not applicable to the Company.
 - iv. In our opinion and according to the information and explanations given to us and records examined by us, Company has not given any loan, made investments or given Guarantee and Securities and covered under Section 185/186. Therefore, the provisions of clause 3(iv) of the Order are not applicable to the Company.
 - v. According to the information and explanations given to us, the Company has not accepted any deposits from the public or amount which are deemed to be deposits within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) rules 2014 (as amended).
 - vi. We have broadly reviewed the books of account maintained by the Company in respect of products for which maintenance of prescribed cost records is mandated by Government of India U/S 148 (1) of the Act and are of the opinion that, prima facie, the prescribed records have been made and maintained. We have, however, not made a detailed examination of these records with a view to determine whether they are accurate or complete.
 - vii. According to the information and explanations given to us and the records of the Company examined by us:
 - a) The Company has been generally regular in depositing amounts deducted/accrued in the books of accounts in respect of undisputed statutory dues, including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other material statutory dues, as applicable. There was no material undisputed outstanding statutory dues as at the year end, for a period of more than six months from the date they became payable.

- b) There are no dues of Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other material statutory dues which have not been deposited with the appropriate authorities on account of any dispute, except as stated below:

Name of the Statute	Nature of the dispute	Period to which the amount relates	Forum where Dispute is Pending	Amount Unpaid/ (refund) ₹ in lakhs

- viii. According to the information and explanation given to us, there were no transactions which have not been recorded in the books of account, which have been surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year. Therefore, provisions of clause 3(viii) of the Order are not applicable to the Company.
- ix. In respect of its Borrowings:
- a) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not defaulted in repayment of loans or borrowings to any financial institution, bank, Government or debenture holders.
- b) Basis of the information and explanation provided to us, the Company has not been declared a wilful defaulter by any bank or financial institution or other lender.
- c) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has availed loans from banks and financial institutions. The amount of loan was applied for the purpose for which the loan was obtained. Further the Company has not availed any loans from Government or has not issued any debenture during the year.
- d) Based on the information and explanation given to us, and the books of account examined by us, short term funds raised during the year have not been utilized for long term purposes.
- e) The Company does not have any subsidiaries, joint ventures or associate companies. Therefore, provisions of clause 3(ix)(e) and 3(ix)(f) of the Order
- are not applicable to the Company.
- x. a) According to the information and explanations given to us and based on our examination of the records of the Company, the Company did not raise any money by way of initial. public offer or further public offer (including debt instruments) during the year. Thus, the. provisions of clause 3(x)(a) of the order are not applicable to the Company.
- b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Therefore, the provisions of clause 3(x)(b) of the Order are not applicable to the Company.
- xi. a) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given to us, we have neither come across any instance of fraud by the Company or on the Company noticed or reported during the year nor have we been informed of any such case by the management.
- b) We have not come across any instance of fraud, therefore report under sub-section 12 of section 143 of the Companies Act, 2013 is not required to be filed by us in Form ADT-4 as prescribed under rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- c) As reported to us by the management, there are no whistle-blower complaints received by the Company during the year.

- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has entered into transactions with related parties in compliance with the provisions of sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under the Indian Accounting Standards (Ind AS) 24, Related Party Disclosures specified under section 133 of the Act, read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended).
- xiv. In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business; We have considered internal audit reports of the Company issued till date for the period under audit.
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- xvi. a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Accordingly, paragraph 3 (xvi)(a) of the Order is not applicable to the Company.
- b) In our opinion, the Company has not conducted any Non-Banking Financial or Housing Finance activities during the year. Therefore, the provisions of clause 3(xvi)(b) of the Order are not applicable to the Company;
- c) In our opinion, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Therefore, the provisions of clause 3(xvi)(c) of the Order are not applicable to the Company;
- d) According to the representations given by the management, the Group does not have any CIC. Therefore, the provisions of clause 3(xvi)(d) of the Order are not applicable to the Company;
- xvii. The Company has not incurred cash losses in the financial year and in the immediately preceding financial year. Therefore, the provisions of clause 3(xvii) of the Order are not applicable to the Company.
- xviii. There has been no resignation of statutory auditors during the year. However, during the previous financial year, the existing statutory auditors of the Company had rotated out on completion of their term. We had taken into consideration the issue, objections or concern raised, if any, by the out-going auditors.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

Annexure - B to the Independent Auditor's Report

(Referred to in paragraph 2 (f) of the Independent Auditors' Report of even date to the members of TANFAC INDUSTRIES LIMITED on the financial Statements as of and for the year ended 31st March, 2023)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ('THE ACT')

1. We have audited the internal financial controls over financial reporting of **Tanfac Industries Limited** ('the Company') as of 31st March, 2023 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over

financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

6. Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that
 7. (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
 - (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations' of management and directors of the Company; and
 - (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

8. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

9. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes Forming part of the Financial Statements

For the Period Ended 31st March, 2023

CORPORATE INFORMATION

Tanfacs Industries Limited is a joint venture Company promoted by Anupam Rasayan India Limited (previously by Aditya Birla Group) and the Tamil Nadu Industrial Development Corporation (TIDCO). Incorporated in 1972, it is one of India's largest suppliers of fluorine chemicals. The equity shares of the Company are listed on BSE Ltd (BSE).

The address of its registered office is Plot No. 14, SIPCOT Industrial Complex Kudikadu, Cuddalore - 607005, Tamilnadu.

NOTE - 1(A) SIGNIFICANT ACCOUNTING POLICIES

a. Statement of Compliance:

These financial statements are prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, the relevant provisions of the Companies Act, 2013 ('the Act') and guidelines issued by the Securities and Exchange Board of India ('SEBI'), as applicable. The financial statements are approved by the Board of Directors of the Company at their meeting held on 21st April, 2023.

b. Basis for Preparation and Presentation of Financial Statements:

Basis of Preparation:

The financial statements have been prepared on a going concern basis and a historical cost basis, except for the following assets and liabilities:

- (i) Certain financial assets and liabilities measured at fair value;
- (ii) Employee's Defined Benefit Plan measured as per Actuarial Valuation;
- (iii) Derivative Financial Instruments measured at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using another valuation technique. In determining the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Functional and Presentation Currency:

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates, and all values are rounded to the nearest Lakhs, except as stated otherwise.

Classification of Assets and Liabilities into Current/Non-Current:

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle, and other criteria set out in Schedule III of the Companies Act, 2013. Based on the

nature of products and the time lag between the acquisition of assets for processing and their realisation in cash and cash equivalents, 12 months period has been considered by the Company as its normal operating cycle

c. Property, Plant and Equipment (PPE)

Property, plant and equipment are stated at acquisition or construction cost less accumulated depreciation and impairment loss. Cost comprises the purchase price and any attributable cost of bringing the asset to its location and working condition for its intended use, including relevant borrowing costs and any expected costs of decommissioning.

The cost of an item of PPE is recognised as an asset if, and only if, it is probable that the economic benefits associated with the item will flow to the Company in future periods and the cost of the item can be measured reliably. Expenditure incurred after the PPE have been put into operations, such as repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred.

Items such as spare parts, standby equipment and servicing equipment are recognised as PPE when it is held for use in the production or supply of goods or services, or for administrative purpose, and are expected to be used for more than one year. Otherwise such items are classified as inventory

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss arising on the disposal or retirement of an item of PPE, is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE. Capital work-in-progress includes cost of property, plant and equipment under installation/under development as at the reporting date

d. Expenditure during construction period

Expenditure, net of income earned, during construction (including financing cost related to borrowed funds for construction or acquisition of qualifying PPE) period is included under capital work-in-progress, and the same is allocated to the respective PPE on the completion of construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other Non-Current Assets".

e. Depreciation

Depreciation is the systematic allocation of the depreciable amount over its useful life. Depreciation on Buildings and Plant & Machinery is provided on a straight-line basis over such useful lives as prescribed under Schedule II to the Companies Act, 2013. Depreciation on all other assets other than Buildings and Plant & Machinery has been provided on Written Down Value method.

The Company has used the following useful lives of the property, plant and equipment to provide depreciation.

Major assets class where useful life considered as provided in Schedule II:

Nature	Estimated Useful Life
1) Buildings	30 Year/60 Year
2) Plant & Machinery	8-15 Year
3) Office Equipment	4-7 Year
4) Furniture & Fixture	7-12 Year
5) Company Vehicles (Other Than those provided to Employees)	3 Year
6) Motor Cars given to Employees as per the Company's Scheme Policy	5-12 Year
7) Server & Networks	4-5 Year
8) Stores and Spares in the Nature of PPE	3 Year
9) Assets individually costing less than or equal to ₹ 5000 each	Fully Depreciated in the year of Purchase

Also,

- i) Where a significant component (in terms of cost) of an asset has an estimated economic useful life shorter than that of its corresponding asset, the component is depreciated over its shorter life.
- ii) Depreciation on additions is being provided on Pro rata basis from the date of such additions.
- iii) Depreciation on sale or disposal is provided on Pro rata basis till the date of such sale or disposal.
- iv) Depreciation on assets sold, discarded or demolished during the year is being provided up to the month in which such assets are sold, discarded or demolished.
- v) Depreciation and amortization methods, useful lives and residual values are reviewed at each financial year end and adjusted prospectively.
- vi) Leasehold lands are amortized over the period of the lease.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company

f. Intangible Assets and Amortization:

Intangible assets are recognized only if it is probable that the future economic benefits attributable to asset will flow to the Company and the cost of asset can be measured reliably. The Company determines the useful life as the period over which the future economic benefits will flow to the Company after taking into account all relevant facts and circumstances.

Intangible assets are measured at cost. Following initial recognition, intangible asset is carried at acquisition/development cost less accumulated amortization and accumulated impairment loss if any. Cost of Intangible asset includes purchase price including non-refundable taxes and duties, borrowing cost directly attributable to the qualifying asset and any directly attributable expenditure on making the asset ready for its intended use.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset. Intangible assets are amortised on a straight-line basis over their estimated useful lives.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is recognised.

g. Impairment of Non-Financial Assets:

At the end of each reporting period, the Company reviews the carrying amounts of non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present

value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

h. Non-Current assets (or disposal Company) classified as held for disposal:

Assets are classified as held for disposal and stated at the lower of carrying amount and fair value less costs to sell. To classify any Asset as "Asset held for disposal" the asset must be available for immediate sale and its sale must be highly probable. Such assets or Company of assets are presented separately in the Balance Sheet, in the line "Assets held for disposal". Once classified as held for disposal, intangible assets and PPE are no longer amortised or depreciated.

The management must be committed to the sale/distribution expected within one year from the date of classification.

i. Inventories:

Raw materials, fuel, stores & spare parts and packing materials

Valued at lower of cost and net realisable value (NRV). However, these items are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. The cost is computed on weighted average basis which includes expenditure incurred for acquiring inventories like purchase price, import duties, taxes (net of tax credit) and other costs incurred in bringing the inventories to their present location and condition.

Work-in-progress (WIP), finished goods, stock-in-trade and trial run inventories:

Valued at lower of cost and NRV. Cost of Finished goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories is computed on weighted average basis.

Waste/Scrap:

Waste/Scrap inventory is valued at NRV. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Obsolete, defective, slow moving and unserviceable inventories, if any, are duly provided for.

j. Borrowing Costs:

Borrowing costs that are directly attributable to the acquisition, construction or development of a qualifying asset are capitalized as part of the cost of the respective asset till such time the asset is ready for its intended use. A qualifying asset is an asset which necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the period in which they occur.

Borrowing costs consist of interest, amortization of discounts, hedge related cost incurred in connection with foreign currency borrowings and exchange difference arising from foreign currency borrowings to the extent they are treated as an adjustment to the borrowing cost and other costs that an entity incurs in connection with the borrowing of funds.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred.

k. Government Grant:

Government Grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset. When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to Statement of Profit & loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset. When loans or similar assistance are provided by the government or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

l. Provisions, Contingent Liabilities and Contingent Assets:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made on the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects current market assessment of time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realized. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and is recognized.

m. Revenue Recognition:

Revenue is recognized on the basis of approved contracts regarding the transfer of goods or services to a customer for an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Revenue is recognized upon transfer of control of promised products to customers. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation, in accordance with Ind AS115 "Revenue from contract with customers". Amounts disclosed as revenue are net of sales returns and allowances, trade discounts and Goods and service tax.

Interest Income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable

Export Incentives are accounted for to the extent considered recoverable by the Management.

Rental income on assets given under operating lease arrangements is recognized on a straight-line basis over the period of the lease unless the receipts are structured to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases.

n. Lease:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset, or assets and the arrangement conveys a right or control to use the asset, or assets even if that right is not explicitly specified in an arrangement.

The arrangement conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

o. Employee Benefit Expense:

Defined benefit plan:

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation. The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income. Re-measurement recognised in Other Comprehensive Income ('OCI') is reflected immediately in retained earnings and will not be reclassified to Statement of Profit and Loss.

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

The defined benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Defined contribution plan:

Employee benefits in the form of contribution to superannuation fund, provident fund managed by Government authorities, Employee state Insurance Corporation and Labour Welfare Fund are considered as defined contribution plan and the same is charged to Statement of Profit or Loss for the year when the contributions to the respective funds are due.

Other long-term employee benefits:

The Company has a scheme for leave encashment for employee, the liability for which is determined on the basis of an actuarial valuation carried out at the end of the year using Projected Unit Credit method.

Short Term Employee Benefits:

Short-term employee benefits are recognised as an expense on accrual basis.

p. Income Taxes:

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the OCI or in equity. In which case, the tax is also recognized in OCI or equity.

Current Tax:

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable

tax regulations are subject to interpretation and established provisions, where appropriate.

Deferred Tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable

q. Foreign Currency Transactions:

Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. As at balance sheet date, foreign currency monetary items are translated at closing exchange rate. Foreign currency non-monetary items carried at fair value are translated at the rates prevailing at the date when the fair value was determined. Foreign currency non-monetary items measured in terms of historical cost are translated using the exchange rate as at the date of initial transactions.

Exchange difference arising on settlement or translation of foreign currency monetary items are recognized as income or expense in the year in which they arise except to the extent exchange differences are regarded as an adjustment to interest cost on those foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings

r. Earnings Per Share:

The basic Earnings Per Share ("EPS") is computed by dividing the net profit/(loss) after tax for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue and share split, if any that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted EPS, net profit/(loss) after tax for the year attributable to the equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

s. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial Assets & Financial Liabilities are recognized when the Company becomes party to contractual provisions of the relevant instrument.

Initial Measurement:

At initial recognition, the Company measures a financial asset and financial liabilities at its fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- The entity's business model for managing the financial assets; and
- The contractual cash flow characteristics of the financial asset.

Amortised Cost:

A financial asset shall be classified and measured at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit or loss. This category generally applies to trade and other receivables.

Fair Value through Other Comprehensive Income ('FVOCI'):

A financial asset shall be classified and measured at FVOCI if both of the following conditions are met:

- The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial Asset included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the Other Comprehensive Income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is re-classified from the equity to Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Fair Value through Profit or Loss ('FVTPL'):

FVTPL is a residual category for Financial Asset. Any debt instrument, which does not meet the criteria for categorization as at amortised cost or as FVOCI, is classified as at FVTPL.

Financial Assets included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Equity instruments:

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognized in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

Impairment of financial assets:

The Company assesses on a forward looking basis the expected credit losses associated with its assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For Financial Assets, the Company applies 'simplified approach' as specified under Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables. The application of simplified approach does not require the Company to track changes in credit risk. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

Derecognition of Financial Instruments:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the

risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in statement of profit or loss if such gain or loss would have otherwise been recognised in statement of profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in statement of profit or loss if such gain or loss would have otherwise been recognised in statement of profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Classification and Subsequent Measurement: Financial Liabilities

Fair Value Measurement:

The Company measures financial instruments, such as investments (other than equity investments in Subsidiaries, Joint Ventures and Associates) and derivatives at fair values at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities (for which fair value is measured or disclosed in the financial statements) are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable other than quoted prices included in level 1.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for disposal in discontinued operations.

At each reporting date, Management analyses the movements in the values of assets and liabilities, which are required to be remeasured or re-assessed as per the Group's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

Financial Liabilities:

Financial liabilities are classified, at initial recognition as fair value through profit or loss:

- Loans and borrowings;
- Payables; or
- As derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value, and in the case of loans and borrowings and payables are recognised net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, loans and borrowings, including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent Measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at FVTPL:

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading, if they are incurred for the purpose of

repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group, that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading, unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss. Financial liabilities, designated upon initial recognition at FVTPL, are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied.

Loans and Borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in the Statement of Profit and Loss, when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

De-recognition of Financial Liabilities:

The Group de-recognises financial liabilities when and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability de-recognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

t. Cash and cash equivalent

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand, including fixed deposit with original maturity period of three months or less and short-term highly liquid investments with an original maturity of three months or less, that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

u. Cash Flow Statement:

Cash flows are reported using the indirect method, whereby the net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

v. Derivative Financial Instruments and Hedge Accounting:

The Company enters into derivative financial instruments viz. foreign exchange forward contracts to manage its exposure foreign exchange rate risks. The Company formally establishes a hedge relationship between such forward currency contracts ('hedging instrument') and recognized financial liabilities ('hedged item') through a formal documentation at the inception of the hedge relationship in line with the Company's Risk Management objective and strategy. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognized at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting

period. The resulting gain or loss is recognized in statement of profit or loss immediately excluding derivatives designated as cash flow hedge.

Recognition and measurement of fair value hedge:

Hedging instrument is initially recognized at fair value on the date on which a derivative contract is entered into and is subsequently measured at fair value at each reporting date. Gain or loss arising from changes in the fair value of hedging instrument is recognized in the Statement of Profit and Loss. Hedging instrument is recognized as a financial asset in the Balance Sheet if its fair value as at reporting date is positive as compared to carrying value and as a financial liability if its fair value as at reporting date is negative as compared to carrying value.

Hedged item (recognized financial liability) is initially recognized at fair value on the date of entering into contractual obligation and is subsequently measured at amortized cost. The hedging gain or loss on the hedged item is adjusted to the carrying value of the hedged item as per the effective interest method and the corresponding effect is recognized in the Statement of Profit and Loss.

On Derecognition of the hedged item, the unamortized fair value of the hedging instrument is recognized in the Statement of Profit and Loss

w. Segment Reporting

Identification of Segments:

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's management to make decisions for which discrete financial information is available. Operating Segments are identified based on monitoring of operating results by the chief operating decision maker (CODM) separately for the purpose of making decision about resource allocation and performance assessment.

Operating Segment is identified based on the nature of products and services, the different risks and returns, and the Internal Business Reporting System.

Based on the management approach as defined in Ind AS 108, the management evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

x. Cash Dividend to Equity Holders of the Company:

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in other equity.

NOTE - 1(B) SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the following notes:

(i) Useful Lives of Property, Plant & Equipment:

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life. The useful lives of the Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

(ii) Defined Benefit Plans and Compensated Absences:

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates.

Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(iii) Expected Credit Losses on Financial Assets:

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, customer's credit worthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

(iv) Fair Value measurement of Financial Instruments:

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

NOTE - 1(C) STANDARDS ISSUED BUT NOT YET EFFECTIVE

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31st March, 2023, MCA notified the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 1st April, 2023, as below:

I. Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material

accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.

II. Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates.

The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

III. Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.

The Company has paid an initial amount of ₹ 6.00 Lakhs in 1995 and additional amount of ₹ 6.00 Lakhs in 2001, as per the directions of the Honourable High Court of Madras. However, SIPCOT has preferred an appeal against the order of the High Court challenging the waiver of interest. Matter is pending at High court of Madras.
- d) During the Financial Year 1991 - 92 the Company has received a notice from the Tamil Nadu Sales Tax authorities towards levy of tax etc. on sales effected from Pondicherry Depot during 1989-90 and 1990-91. Based on the directions of the Honourable High Court of Madras, the Appellate Assistant Commissioner, Commercial Taxes, Chennai passed the order in favour of the Company thereby reducing the demand to ₹ 52.77 Lakhs. The amount has since been paid under protest. The Company has also filed a writ petition before Honourable High Court of Madras, for granting refund of tax paid earlier to Pondicherry Government. As a matter of abundant caution, provision has been made in these accounts for the disputed amount of ₹ 52.77 Lakhs.

The Honourable High Court had passed Order vide SR No.49922 dated 1st September, 2016, disposing the all writ petitions filed earlier on various occasions and giving liberty to the Company (Petitioner) to file an appeal before the Tamil Nadu Sales Tax Appellate Tribunal within Sixty days from the receipt of the order, who shall entertain the appeal without reference to the limitation. Accordingly, the Company has filed an appeal before The Tamil Nadu Sales Tax Appellate Tribunal on 6th January, 2017, pursuant to the judgement order dated 01.09.2016 delivered on 22/11/2016 and appeal proceeding is awaited.

- e) The Company has a process of evaluating financial impact of pending litigation on Financial Statement and making necessary provision in terms of prevailing accounting practices.
- f) The Company has a process whereby periodically all long term contracts are assessed for material foreseeable losses (Including all derivative contracts). At the year end, the Company has reviewed and ensured that adequate provision as required under any law/accounting standards for material foreseeable losses on such long term contracts has been made in the books of account.

28.5 Fair Value Measurement:

The management assessed that cash and bank balances, trade receivables, trade payables, cash credits and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company has established the following fair value hierarchy that categorises the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

- Level 1: This hierarchy uses quoted (unadjusted) prices in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities:

28.6 Financial risk management objectives and policies:

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, investments, and cash & cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

a) Material Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of foreign currency risk. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables, payables and borrowings. The sensitivity analyses in the following sections relate to the position as at 31st March, 2023 and 31st March, 2022.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31st March, 2023 and 31st March, 2022.

(i) Foreign currency risk

The Company may also have foreign currency exchange risk on procurement of raw materials. The Company manages this foreign currency risk using derivatives, wherever required to mitigate or eliminate the risk.

Foreign currency sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in rate of USD, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

Basis Points	As at 31 st March, 2023		As at 31 st March, 2022	
	2% increase	2% decrease	2% increase	2% decrease
Effect on profit before tax (Amount)	(5.92)	5.92	(3.69)	3.69

b) Credit Risk:

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i. Actual or expected significant adverse changes in business,
- ii. Actual or expected significant changes in the operating results of the counterparty,
- iii. Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv. Significant increase in credit risk on other financial instruments of the same counterparty,
- v. Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there are no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company.

Assets in the nature of Investment, security deposits, loans and advances are measured using 12 months expected credit losses (ECL). Balances with Banks is subject to low credit risk due to good credit rating assigned to these banks. Trade receivables are measured using life time expected credit losses.

Financial Assets for which loss allowances is measured using the Expected Credit Losses (ECL):

c) Liquidity Risk:

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company determines its liquidity requirements in the short, medium and long term. This is done by drawing up cash forecast for short- and medium-term requirements and strategic financing plans for long term needs. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

d) Capital Management:

For the purposes of the Company's capital management, capital includes issued capital, share premium and all other equity reserves attributable to the equity holders. The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary, adjust, its capital structure

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt.

Responsibility of the Company

The legal representatives of the Company are responsible for the preparation of the sustainability information in accordance with the Reporting Criteria. This responsibility includes in particular the selection and use of appropriate methods for sustainability reporting, the collection and compilation of information and the making of appropriate assumptions or, where appropriate, the making of appropriate estimates. Furthermore, the legal representatives are responsible for necessary internal controls to enable the preparation of a sustainability report that is free of material - intentional or unintentional - erroneous information.

Verification methodology and procedures performed

The verification engagement has been planned and performed in accordance with the verification methodology developed by the TÜV SÜD Group which is based upon the ISO 17029 and ISAE 3000. Regarding the verification process, also called "assurance process" the best practices guidelines used in the TÜV SÜD methodology refers to ISAE 3000 as main reference standards.

The applied level of assurance was "limited assurance". Because the level of assurance obtained in a limited assurance, the engagement is lower than in a reasonable assurance engagement, the procedures the verification team performs in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. A limited assurance engagement consists of making inquiries, primarily of persons responsible for the preparation of the Sustainability Report and applying analytical and other limited assurance procedures.

The verification was based on a systematic and evidence-based assurance process limited as stated above. The selection of assurance procedures is subject to the auditor's own judgment.

The procedures included amongst others:

- Inquiries of personnel who are responsible for the stakeholder engagement und materiality analysis to understand the reporting boundaries
- Evaluation of the design and implementation of the systems and processes for compiling, analysing, and aggregating sustainability information as well as for internal controls
- Inquiries of company's representatives responsible for collecting, preparing and consolidating sustainability information and performing internal controls
- Analytical procedures and inspection of sustainability information as reported at group level by all locations
- Assessment of local data collection and management procedures and control mechanisms through a sample survey at Tanfac Corporate office.

Conclusion

On the basis of the assessment procedures carried out from 15.06.2023 to 10.07.2023, Nothing has come to our attention to suggest that the Report does not meet the completeness with respect the Reporting Criteria.

Limitations

The assurance process was subject to the following limitations:

- The subject matter information covered by the engagement are described in the "scope of the verification". Assurance of further information included in the sustainability reporting was not performed. Accordingly, TÜV SÜD do not express a conclusion on this information.
- Financial data were only considered to the extent to check the compliance with the economic indicators provided by the GRI Standards and were drawn directly from independently audited financial accounts. TÜV SÜD did not perform any further assurance procedures on data, which were subject of the annual financial audit.

- The assurance scope excluded forward-looking statements, product- or service-related information, external information sources and expert opinions.

Use of this Statement

The Company must reproduce the TÜV SÜD statement and possible attachments in full and without omissions, changes, or additions.

This statement is by the scope of the engagement solely intended to inform the Company as to the results of the mandated assessment. TÜV SÜD has not considered the interest of any other party in the selected sustainability information, this assurance report or the conclusions TÜV SÜD has reached. Therefore, nothing in the engagement or this statement provides third parties with any rights or claims whatsoever.

Independence and competence of the verifier

TÜV SÜD South Asia Pvt Ltd is an independent certification and testing organization and member of the international TÜV SÜD Group, with accreditations also in the areas of social responsibility and environmental protection. The assurance team was assembled based on the knowledge, experience and qualification of the auditors. TÜV SÜD South Asia Pvt Ltd. hereby declares that there is no conflict of interest with the Company.
