STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

In conformity with the provisions of Section 102 of the Companies Act, 2013, the following explanatory statement sets out all material facts relating to Items 3 to 9 mentioned in the accompanying Notice.

ITEM NO. 3

Based on the recommendation of the Nomination and Remuneration Committee, Mr. Kalyan Ram Madabhushi was appointed as a Non-Executive Non-Independent Director of the Company with effect from 22nd May 2019 under Section 161 (1) of the Companies Act, 2013. He will hold office till the ensuing Annual General Meeting. As required under Section 160 of the Companies Act 2013, the Company have received notice from a member signifying his intention to propose Mr.Kalyan Ram Madabhushi as a candidate for the office of the Director of the Company. The brief profile of Mr.Kalyan Ram Madabhushi is given in the annexure and forms part of this Notice.

Having regard to his qualifications, knowledge and experience, the appointment of Mr.Kalyan Ram Madabhushi will be in the interest of the Company. The Board recommends the Resolution as set Out in item No. 3 of the Notice for approval of the members.

A copy of the draft Letter of Appointment, setting out the terms and conditions of appointment of Mr.Kalyan Ram Madabhushi as Non-Executive Non-Independent Director shall be open for inspection by the Members at the Registered Office (except Saturdays, Sundays and Public Holidays) between 11.00 a.m. and 1.00 p.m. up to the date of this Annual General Meeting and is also available on the website of the Company www.tanfac.com.

None of the Directors, Key Managerial Personnel and/or their relatives, except Mr. Kalyan Ram Madabhushi is concerned or interested in the Resolution.

ITEM NO.4

On the recommendation of the Audit Committee, the Board of Directors of the Company at their meeting held on 22nd May, 2019, had appointed Mr. N. Krishna Kumar, Cost Accountant (Membership No.27885), as the Cost Auditor of the Company for the Financial Year 2019-20 at a remuneration of 60,000/- (Rupees Sixty Thousand only) besides out of pocket expenses, if any, at actual.

As per Section 148 of The Companies Act, 2013 and applicable rules thereunder, the remuneration payable to the Cost Auditor is to be ratified by the Members of the Company at their Annual General Meeting. The Board recommends the Ordinary Resolution as set out in Item No.4 of the Notice for approval by the Members.

None of the Directors, Key Managerial Personnel or their relatives are in any way interested in the said resolution of the Notice.

ITEM NOS.5 TO 8

At the 41st Annual General Meeting of the members of the Company held on 29th September 2015, Mr.M.R.Sivaraman, Mr. V.T.Moorthy and Dr.Shankar Narasimhan were appointed as Independent Directors to hold office for a term of five consecutive years upto 31st March 2020. At the same meeting, Mrs.R.Rajalakshmi was appointed as an Independent Director to hold office for a term of five consecutive years upto 24th March 2020.

The performance evaluation of the Independent Directors was conducted by the entire Board of Directors (excluding the Director being evaluated) on the basis of structured parameters. The Nomination and Remuneration Committee of the Board of Directors, on the basis of the report of performance evaluation of Independent Directors have recommended the reappointment of Mr. M.R.Sivaraman, Mr.V.T.Moorthy, Dr. Shankar Narasimhan and Mrs. R.Rajalakshmi as

Independent Directors of the Company for a second term of five consecutive years in accordance with the provisions of the Companies Act. 2013 (Act) and the Securities and Exchange Board of India (Listing and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

Mr.M.R.Sivaraman and Mr.V.T.Moorthy have crossed the age of 75 years. As per SEBI Listing Regulations no listed entity shall appoint a person or continue the directorship of any person as a non-executive director who has attained the age of 75 years unless a Special Resolution is passed to this effect. The members had, at their 44th Annual General Meeting held on 25th September 2018, passed Special Resolutions for continuance of both the Independent Directors for their balance period of current tenure viz., upto 31st March 2020. Therefore, continuance/ reappointment of these Directors as Independent Directors requires consent of the members by way of Special Resolution. These directors are active and keep good health.

Mr. M.R.Sivaraman is aged 79 and therefore his continuance as an Independent Director requires consent of the Members by way of Special Resolution in view of the aforesaid amendment. Mr. M.R.Sivaraman is a retired IAS and also has Master Degree in Economics with several decades of experience in the State Governement of Madhya Pradesh which includes stints in the capacity of Finance and Planning Secretary. He also served in Central Government as Revenue Secretary, Department of Revenue, Ministry of Finance. Prior to that, he served as Additional Secretary in the Ministry of Commerce and Ministry of Civil Aviation. He had also served as Executive Director in the International Monetary Fund (IMF).

Mr. V.T.Moorthy is aged 78 and therefore his continuance as an Independent Director requires consent of the Members by way of Special Resolution in view of the aforesaid amendment.

Mr. V.T.Moorthy, a Professinal Engineer, has served Aditya Birla Group of Companies for four decades having vast and varied experience. During his stint as Managing Director of the company, he was instrumental in introducing Total Productive Maintenance (TPM) concept, a system by Japanese Institute of Plant Maintenance (JIPM) for maintaining and improving the integrity of production and quality systems. Post his retirement, as director of TANFAC, he has been advising the executives on various new initiatives and on many innovative schemes through his rich and varied experience.

Mr. M.R.Sivaraman, Mr.V.T.Moorthy, Dr.Shankar Narasimhan and Mrs.R.Rajalakshmi have consented for their reappointment and have confirmed that they do not suffer from any disqualifications which stand in the way of their re-appointment as Independent Directors. The Company has also received declarations from the aforesaid Independent Directors confirming that they meet the criteria for independence as prescribed under Section 149(6) of the Act and Regulation 16 (1) (b) of the Listing Regulations.

In the opinion of the Board, the aforesaid Independent Directors fulfil the conditions specified under the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 16(1)(b) of the

Listing Regulations for their re-appointment as Independent Directors of the Company and are independent of the management. Considering their background, experience and contributions made by them during their tenure, the Board is of the opinion that their continued association would be of immense benefit to the Company.

INDUSTRY STRUCTURE AND DEVELOPMENTS: GLOBAL ECONOMIC OUTLOOK:

After strong growth during 2017 & first half of 2018. Global Economy slowed down in second half to 3.2% compared to 3.7% during 2017 & 3.8% during first half of 2018. Activity softened amid an increase in trade tensions and tariff hikes between China and United States, a decline in business confidence, a tightening of financial conditions and higher policy uncertainties across many economies. Failure of Brexit negotiations and higher crude oil costs also contributed to the sluggishness and the Global growth is estimated at 3.3% in 2019 on account of sustained weakening in advanced economies. (source: World Economic Outlook, Apr'19 - imf.org).

INDIAN ECONOMY

After registering slightly slower growth rate of 6.7% in 2018, the Indian economy is expected to report a growth of 7% in 2019 and picking up to 7.2% in 2020, a downward revision of 0.3% compared to previous estimates reflecting a weaker than expected outlook for domestic demand.

Principal developments during the year are increased per capita income, decline in the national inflation, steady interest rates, decline in the crude oil price and weaker consumer sentiments particularly during second half of the year. However, India retains its position as fastest growing economy and sixth largest economy, receiving more foreign inflows than China (US \$ 6 billion more than China's US\$ 32 billion). India reported a 23-notch jump to 77th position in the World Bank's report on the Ease of Doing Business. Private investment is expected to revive due to stabilization of GST and more particularly after improved sentiments following clear majority to the ruling party in the general elections held in May'19. CHEMICAL INDUSTRY & FLUOROCHEMICALS

Chemical companies across the world face the formidable challenge of delivering profitable growth in a hypercompetitive low growth world. According to Excellence in Chemical Logistics report, supply chain is an opportunity to deliver significant value.

The 2018 chemical logistics survey report shows chemical executives anticipating disruptive

change on the horizon. They recognise the need for supply chain transformation. Mergers and acquisitions (M&A) and driving growth are top business concerns whereas, in the supply chain, visibility and transparency are the top priorities. (source: manufacturingchemist.com & PwC Research Publication)

Global fluorochemical market increased to 3.8 million tonnes in 2018 (US\$ 25 billion). Asia Pacific accounted for the largest share of the global market. The growing industrialisation in emerging economies like China, India and South East Asian countries is likely to increase demand for refrigerants. The global Fluorochemicals market is pegged to grow at a CAGR of 5.5% by 2024. The rapidly growing demand of Air-conditioning and Refrigeration Systems in the domestic and industrial sectors is expected to drive the growth for Fluorochemicals. However, attribution of Fluorochemicals to the degradation of ozone layer in some countries is expected to restrict the growth. (sources: globalnewswire, GM insights and Business Wire, Ken Research)

China is one of the largest Fluorine producing and consuming countries in the world. The environmental protection drive started during 2016 had further intensified during 2017 & 2018. China deepened regulatory investigations to enhance production safety and significantly reduce environment pollution. This has impacted Fluorspar mining industry resulting in closure of number of small and medium size enterprises. This had pushed the Fluorspar prices by 35% - 45% during 2018. (source: Business Wire, Ken Research)

In India the market growth is driven by downstream sectors like Automobile, Air Conditioning, Refrigeration, Construction Cold Storage and Pharma / Life Science segments. Life science segment has emerged one of the key drivers over the years.

OVERVIEW

During the year under review, the Company had registered its all-time high performance both in terms of Revenue and Profitability taking advantage of both the head and tail winds. The Company's sales performance had increased by 34% due to increase in sales volume and also increase in prices of main products viz., HF & Sulphuric Acid. Higher sales realization in Sulphuric Acid was due to spurt in prices due to sudden constraints in supplies. Increase in realization of HF Acid was possible due to continuous focus on niche / value added segments and also successfully passing through the increase in Spar price.

Apart from increase in sales realizations mentioned above, profitability has increased significantly during the year due to optimization of process, product and customer mix and the combined effects of lower increase in input costs compared to increase in sales realization. The following steps and initiatives taken by the company during the last few years have resulted in significant improvement in the operational performance of the company since Financial Year 2016-17:

- Recalibrated business strategy by diversifying to niche product & segments.
- Strongly positioned in a niche segment of DHF as a prime mover. Continuous focus on downstream Specialty Fluorides / VAPs.
- Increase in export volume of HF / DHF to existing and new markets
- Increase in vendor base and global sourcing of Fluorspar to reduce dependency on China.
- Long term tie up with a key refinery for supply of Molten Sulphur with a win-win deal.
- Negotiation with key raw material suppliers for reduction in prices compared to international price.

- Thrust on Working Capital Management & reduction of overall debt using the Operating Cash Flows generated.
- Manpower optimization

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE:

The Company operates in a single segment i.e., Fluoro-chemicals in India and all other activities revolve around the same. Hence, segment-wise or product-wise performance is not applicable.

SALES VOLUME AND REVENUE:

Sales Turnover was higher by 34% at ₹221.71 crores against ₹165.42 crores in the previous year.

Export turnover was higher by 7% at ₹20.15 crores against ₹18.85 crores in the previous year.

PROFIT BEFORE DEPRECIATION, FINANCE COST AND TAXATION (PBDIT):

Profit before Depreciation, Finance Cost and Taxation had increased significantly by 154% at ₹52.69 Crores during the year, highest in the history of the Company, compared to ₹20.72 Crores in the corresponding period of the previous year. Various measures taken by the company as explained above has resulted in the overall improvement in the operational margins.

DEPRECIATION / IMPAIRMENT/AMORTISATION:

Depreciation during the year was ₹8.02 Crores as against ₹4.94 Crores in the previous year. This includes impairment provision of ₹3.24 Crores (Previous Year - Nil).

FINANCE COST:

Finance Cost, including Forex Cover Charges, on Foreign Exchange Borrowings was reduced to ₹3.04 Crores against ₹5.98 Crores in the previous year due to continued focus on working capital management, repayment of high cost debts from the operating cash flows generated, reduction in interest rate and other cost optimizing initiatives.

The Company does not accept any fixed deposits from the public falling under Section 73 of the Companies Act, 2013 ("the Act") and the Companies (Acceptance of Deposits) Rules, 2014.

CREDIT RATING:

On the back of improved operating performance and stronger Balance Sheet, ICRA and Acuite Ratings have upgraded the credit rating as ICRA BBB+ (Stable) and ACUITE BBB+ (Stable) for Long Term and ICRA A2 and ACUITE A2 for Short Term respectively.

INCOME TAX

In line with increased profitability, the Company has accounted for MAT provision of ₹7.22 crores (previous year ₹1.98 crores) and recognized MAT credit entitlement of ₹7.22 crores (previous year ₹1.86 crores). During the year the Company has made Deferred Tax provision of ₹5.66 crores (previous year NIL).

OTHER COMPREHENSIVE INCOME / (EXPENSES)

Other Comprehensive Income / (Expenses) was ₹0.10 crores during the year against (₹0.30) crores during previous year. Please refer to the Notes to the Financial Statement for further details.

TOTAL COMPREHENSIVE INCOME

Total comprehensive Income for the year was significantly higher at ₹36.07 crores during the year against ₹9.38 crores during previous year.

RESERVES / OTHER EQUITY

With the help of strong performances during the year, the Company had ended up with a Reserve of ₹38.05 crores.

CASH FROM OPERATIONS

Cash from operations was significantly higher compared to previous year due to overall improvement in profitability and continuous focus on working capital management.

BORROWINGS AND NET DEBT:

Total borrowings have reduced significantly by ₹30.57 crores to ₹6.23 crores from ₹36.80 crores in previous year. Significant increase in operating cash flow generation had helped in repayment of high cost debt.

RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM:

The Company has already constituted a Risk Management Committee consisting of senior employees. The company defined the roles and responsibilities of the committee and laid down the procedure to assess the risk and minimization procedures. The risk management includes identifying types of risks and its assessment, risk handling and monitoring and reporting.

The details of risk management process, assessment and identification and mitigation action plan prepared in line with The Companies Act, 2013, were reviewed by the Audit Committee and the Board of Directors of the Company on a quarterly basis.

The Internal control systems of the Company comprising of policies and procedures adopted to ensure the orderly and efficient conduct of its business, including adherence to the Company's Policies, the safeguarding of its assets, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information.

OPERATIONAL RISK:

(a) Your Company's most significant exposure relates to the US Dollar, since the prices of key raw materials - Fluorspar and Sulphur are impacted by the movement of US Dollar. Fluorspar is imported. High dependence on China for Fluorspar which is promoting export of more value-added products puts pressure on the availability and margins Mitigation: The Company has expanded vendor base of Chinese origin. The company has also developed sources from other geographies and expanded relationship to reduce dependency on Chinese origin. The company is continuously exploring other options.

(b) Volatility in HF Demand for conventional application and downward trend in end users segment.

Mitigation: Focus on specialty grade HF and specialty Fluorides. Retain existing customers through competitive pricing. Expand market of HF in Asia Pacific markets and increase export volumes.

(c) Frequent power cuts/Unstable power by TNEB causes process disturbances and increases costs.

Mitigation: Maintaining high levels of captive power generation through waste heat recovery from Sulphuric Acid Plants. Keeping alternate sources of power through HFO and DG sets in good operation condition.

STATUTORY COMPLIANCE RISK: Non-compliances under applicable Acts, Rules and Regulations may cause operational risk to the Company.

Mitigation: The Company has made Standard Operating Procedures for compliance under various Acts, Rules and Regulations to ensure zero non-compliance.

ECONOMIC RISK: Economic slowdown may affect the performance of the company resulting in downward trend in sales volume and growth.

Mitigation: The Company is continuously focussing on introducing value added products in line with market demand.

ATTRITION RISK: Employee attrition may affect the day-to-day operations/performance of the Company.

Mitigation: To retain talent, the Company has instituted suitable reward mechanism and provide additional specialised training to its employees. New ideas/kaizens by the employees are well appreciated and given suitably rewarded.

FOREIGN EXCHANGE RISK:

The prices of key of raw materials are influenced significantly by fluctuating global economic conditions, and this significantly impacts the Company's margins and cash flows.

Mitigation: The Company has a well defined Hedging Policy and hedges its net foreign exchange risk adequately as per its Hedging Policy.

CREDIT RISK:

Excess credit limit facility to customers and higher inventory may affect the Company's overall performance.

Mitigation: By reviewing the credit policy and credit limits of customers, the credit limit facility is managed prudently. Inventory and advances are maintained at the ideal levels.

Your Board of Directors is optimistic about the continued improvement in the operational performance of the company in the coming years.

EXPORTS:

Your Company endeavours continuously to increase export revenues by expanding its customer base in different regions with a focus on increasing export sale volume of HF to existing customers and also identifying new customers. We are optimistic about the outlook for exports in the coming years.

DOMESTIC MARKET:

Your Company expects improvement in domestic market demand in 2019- 20.

OPERATIONS AND OVERALL PERFORMANCE:

During the year under review, enabled by both head and tail winds, your Company had registered an **all-time high performance** both in terms of revenue and profitability.

The Company's sales performance had increased by 34% due to increase in sales volume and also increase in prices of main products viz., HF and Sulphuric Acid. Significant increase in Sulphuric Acid price was due to sudden change in market dynamics and supply constraints. Higher sales realization in HF acid was possible due to continuous focus on niche / value added segments and also partial pass through of increase in spar price.

Apart from significant increase in realizations mentioned above, profitability has increased significantly during the year due to process optimization, better market penetration resulting in further optimization of product / customer mix and the combined effects of lower increase in input costs compared to increase in sales realization.

Though the prices of main raw materials - Fluorspar & Sulphur had increased steeply during the year, the Company managed to significantly improve the profitability through optimization of product mix and judicious choice of customers, new market penetration and continuous improvements in reducing the fuel and energy consumptions. The Company continued its strategy of sourcing

Fluorspar from diverse sources / geography. These along with the ongoing initiatives and steps taken by the company during the past 5 years as discussed under Management Discussion and Analysis have helped in significant improvement in the operational performance of the company. Profit before depreciation, finance cost and taxation (PBDIT/EBIDTA) was significantly higher at ₹52.69 Crores during the year, an increase of 154% compared to ₹20.72 crores in the previous year. Company continues to face stiff competition from China which affects the sales realization and margin of HF from both domestic and overseas markets. However, these were offset by the steps taken by the company as explained above.

Tight control on Working Capital, availing cheaper financing avenues and increased cash flow from operations due to improved operational performance helped in significantly reducing the debt by ₹30.57 crores during the year. This has helped in reducing the overall finance cost to ₹3.04 crores during the year from ₹5.98 crores during the previous financial year. The Company expects further reduction in the debt and Finance Cost during next financial year.

Total Comprehensive Income (TCI): Total Comprehensive Income for the year was significantly higher at ₹36.07 crores during the year compared to ₹9.38 crores during the previous year, registering nearly fourfold increase.

DIVIDEND:

Though the financial performance and reserve position of the company had improved significantly during the year, your Directors have not recommended any dividend on equity shares for the year 2018-19 considering the capital expenditures planned during the coming years.

TRANSFER OF UNCLAIMED DIVIDEND TO INVESTOR EDUCTION AND PROTECTION FUND

In terms of Section 125 of the Companies Act, 2013, unclaimed or unpaid Dividend pertaining

to financial year 2010-11 has been transferred to the Investor Education and Protection Fund established by the Central Government.

REVIEW OF BUSINESS OPERATIONS AND FUTURE PROSPECTS:

As briefed under Management Discussion and Analysis section, the ongoing initiatives and steps taken by the company during the past few years to turn around the operations have helped in continuous improvements in the operations of the company across all spheres. These steps have helped the company to post record performance during the current financial year.

Your company has made penetration in the market for some of its new products which had resulted in significant contribution to the revenue and bottom line of the current financial year. The company aims to further increase the market penetration of these products during the next financial year.

The tail winds that facilitated your Company during 2018-19 may not continue in the next financial year. However, with the help of the ongoing and fresh initiatives proposed by the company, your Board of Directors is optimistic of continuous improvements in the operational performance of the company in the coming years.

ALUMINIUM FLUORIDE:

Though sale of Aluminium Fluoride had increased during the year, your company continues with its strategy of reduced focus on Aluminium Fluoride due to its lower contribution. However, your company will continue to serve its long-term customers while keeping an eye on the overall bottomline.

HYDROFLUORIC ACID & SPECIALTY FLUORIDES:

Your company continues to widen the Customer base and has also made significant progress in stringent specialty applications while maintaining the volume during FY'19. The markets remain

oversupplied and your company will embark upon identification of value added downstream products. This will also reduce over dependence on traditional markets which are getting increasingly competitive

SULPHURIC ACID:

Your company had robust performance in Sulphuric Acid. The sales and contributions were much higher than budget. Though the spurt in realization due to demand – supply gap arisen out of external environment may not continue, the efforts made to improve the productivity and overall operational efficiencies will lead to better performance in the coming years

EXPORTS:

Export turnover had gone up by 7% to ₹20.15 Crores against ₹18.85 crores in the previous year. Your Company endeavors continuously to increase export revenues in the coming years by expanding the customer base in the current market and penetrating to new markets.

MATERIAL CHANGES AND COMMITMENT IF ANY:

No material changes and commitments affecting the financial position of the Company have occurred between the end of the financial year and the date of this report.

INDEPENDENT AUDITOR'S REPORT

To the Members of Tanfac Industries Limited Report on the Audit of the Ind AS Financial Statements Opinion

We have audited the accompanying Ind AS financial statements of Tanfac Industries Limited ('the Company'), which comprise the Balance sheet as at 31 March 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of cash flow for the year then ended, notes to the Ind AS financial statements, including a summary of the significant accounting policies and other explanatory information. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Ind AS financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

3. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current year. These matters are addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on such matters. Based on our judgement, we have decided that there are no reportable Key Audit Matters.

Other Information

The Company's Board of Directors is responsible for the other information comprising of the information included in the Company's Management Discussion and Analysis, Board's Report, Corporate Governance and other such disclosures, but does not include the financial statements and auditors' report thereon ('other information'). Based on review of certified draft of such other information provided by the management, we report that the same is not materially inconsistent with the Ind AS financial statement.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information when it becomes available, and in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the Other information, if we conclude

that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these Ind AS financial statements. Our audit process in accordance with SAs is narrated in Annexure 1 to this report.

Report on Other Legal and Regulatory Requirements

- 7. As required by the Companies (Auditors' Report) Order, 2016 ('the Order') issued by the Central Government in terms of Section 143 (11) of the Act, we give in the 'Annexure 2' a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 8. As required by Section 143(3) of the Act, we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

- c) The Balance Sheet, the Statement of Profit and Loss, Statement of Other Comprehensive Income, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act;
- e) On the basis of written representations received from the directors as on 31st March 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 219 from being appointed as a director in terms of Section 164(2) of the Act; and
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure 3'.
- g) In terms of provisions of section 197(16) of the Act, as per the information and explanation given, we report that the managerial remuneration paid by the Company to its Directors is in accordance with the provisions of section 197 of the Act
- h) With respect to the other matters to be included in the Auditors' Report

- in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Company has disclosed the impact of pending litigations as at 31 March 2019 on its financial position in its Ind AS financial statements - Refer Note 28.4(e) to the Ind AS financial statements;
- (ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts- Refer Note 28.4(h) to the Ind AS financial statements;
- (iii) There is delay by the company in transferring amount of ₹3.38 Lakhs, required to be transferred to the Investor Education and Protection Fund.

ANNEXURE TO INDEPENDENT AUDITOR'S REPORT

Annexure 1 to the Independent Auditor's Report to the members of Tanfac Industries Limited (Referred to in Para 6 thereof titled 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statement')

As part of our audit in accordance with SAs we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to

- modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 - From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE TO INDEPENDENT AUDITOR'S REPORT (Contd.)

Annexure 2 to the Independent Auditor's Report to the members of Tanfac Industries Limited (Referred to in para 7 thereof titled 'Report on Other Legal and Regulatory Requirement')

- (i) In respect of its property, Plant 8 equipment's;
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, certain fixed assets were physically verified by the Management during the year. In our opinion, and according to the information and explanations given to us, no material discrepancies were noticed on such verification.

the Order is not applicable to the Company.

- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to the loans given, investments made, guarantees given and security provided.
- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public during the year in terms of the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- (vi) We have broadly reviewed the books of account maintained by the Company as specified under Section 148(1) of the Act, for maintenance of cost records in respect of products manufactured by the Company, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) In respect of Statutory Dues
- (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Employees' State Insurance, Incometax, Goods and Service Tax, Duty of Customs, Cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Goods and Service Tax, Duty of Customs, Cess and other material

ANNEXURE TO INDEPENDENT AUDITOR'S REPORT (Contd.)

Annexure 3 to the Independent Auditor's Report to the members of Tanfac Industries Limited (Referred to in para 8(f) thereof titled 'Report on Other Legal and Regulatory Requirement')

Opinion

 In conjunction with our audit of the Ind AS financial statements of the Company as of and for the year ended 31 March 2019, we have audited the internal financial controls with reference to Ind AS financial statements of Tanfac Industries Limited ('the Company') as of that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls system with reference to Ind AS financial statements and such internal financial controls were operating effectively, bearing scope for improvement of effectiveness in some areas, as at 31 March, 2019, based on the internal financial controls with reference to Ind AS financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note').

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Ind AS financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's

policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as 'the Act').

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Ind AS financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Ind AS financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to Ind AS financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement,

ANNEXURE TO INDEPENDENT AUDITOR'S REPORT (Contd.)

including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Ind AS financial statements.

Meaning of Internal Financial controls with Reference to Ind AS financial statements

A company's internal financial controls with reference to Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to Ind AS financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles. and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial controls with Reference to Ind AS financial statements

5. Because of the inherent limitations of internal financial controls with reference to Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Ind AS financial statements to future periods are subject to the risk that the internal financial controls with reference to Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

CORPORATE INFORMATION

"Tanfac Industries Limited is a joint venture company promoted by the Aditya Birla Group and the Tamil Nadu Industrial Development Corporation (TIDCO). Incorporated in 1972, it is one of India's largest suppliers of fluorine chemicals .The equity shares of the Company are listed on BSE Ltd (BSE) and National Stock Exchange of India Ltd (NSE). The address of its registered office is Plot No. 14 SIPCOT Industrial Complex Kudikadu, Cuddalore - 607005, Tamilnadu. "

Note 1(A) Significant Accounting Policy

a. Statement of Compliance:

These financial statements are prepared in accordance with the Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, the relevant provisions of the Companies Act, 2013 ('the Act') and guidelines issued by the Securities and Exchange Board of India ('SEBI'), as applicable. The financial statements are approved by the Board of Directors of the Company at their meeting held on 22nd May, 2019

b. Basis for Preparation and Presentation of Financial Statements:

Basis of Preparation:

The financial statements have been prepared on the going concern basis and a historical cost basis, except for the following assets and liabilities:

- (i) Certain financial assets and liabilities measured at fair value
- (ii) Employee's Defined Benefit Plan measured as per Actuarial Valuation
- (iii) Derivative Financial Instruments measured at fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using another valuation technique. In determining the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Functional and Presentation Currency:

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates, and all values are rounded to the nearest Lakhs, except as stated otherwise.

Classification of Assets and Liabilities into Current/Non-Current:

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle, and other criteria set out in Schedule III of the Companies Act, 2013. Based on the nature of products and the time lag between the acquisition of assets for processing and their realisation in cash and cash equivalents, 12 months period has been considered by the Company as its normal operating cycle

c. Property, Plant and Equipment (PPE)

Property, plant and equipment are stated at acquisition or construction cost less accumulated depreciation and impairment loss. Cost comprises the purchase price and any attributable cost of bringing the asset to its location and working condition for its intended use, including relevant borrowing costs and any expected costs of decommissioning.

The cost of an item of PPE is recognised as an asset if, and only if, it is probable that the economic benefits associated with the item will flow to the Company in future periods and the cost of the item can be measured reliably. Expenditure incurred after the PPE have been put into operations, such as repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred.

Items such as spare parts, standby equipment and servicing equipment are recognised as PPE when it is held for use in the production or supply of goods or services, or for administrative purpose, and are expected to be used for more than one year. Otherwise such items are classified as inventory

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss arising on the disposal or retirement of an item of PPE, is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE. Capital work-in-progress includes cost of property, plant and equipment under installation/under development as at the reporting date

d. Expenditure during construction period

Expenditure, net of income earned, during construction (including financing cost related to borrowed funds for construction or acquisition of qualifying PPE) period is included under capital work-in-progress, and the same is allocated to the respective PPE on the completion of construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other Non-Current Assets"

e Depreciation

Depreciation is the systematic allocation of the depreciable amount over its useful life. Depreciation on Buildings and Plant & Machinery is provided on a straight-line basis over such useful lives as prescribed in Schedule II of the Act except that of useful life of IBAP plant which has been considered as technically assessed and is less than the period prescribed under Schedule II to the Companies Act, 2013. Depreciation on all other assets other than Buildings and Plant & Machinery has been provided on Written Down Value method.

The Company has used the following useful lives of the property, plant and equipment to provide depreciation.

Major assets class where useful life considered as provided in Schedule II:

| Sr. No | Nature | Estimated Useful Life |
|-----------|--|----------------------------------|
| 1 | Buildings | 30/60 Years |
| 2 | Plant & Machinery | 8-15 Years |
| 4 | Office Equipment | 4-7 Years |
| 5 | Furniture & Fixture | 7-12 Years |
| 6 | Company Vehicles (Other Than those provided to Emplyoees) | 3 Years |
| 7 | Motor Cars given to Employees as per the Company's Scheme Policy | 5-12 Years |
| 8 | Server & Networks | 4-5 Years |
| 9 | Stores and Spares in the Nature of PPE | 3 Years |
| 10 | Assets individually costing less than or equal to ₹5000 each | Fully Depreciated in the year of |
| | | Purchase |

Also,

- i) Where a significant component (in terms of cost) of an asset has an estimated economic useful life shorter than that of its corresponding asset, the component is depreciated over its shorter life.
- ii) Depreciation on additions is being provided on Pro rata basis from the date of such additions.
- iii) Depreciation on sale or disposal is provided on Pro rata basis till the date of such sale or disposal.
- iv) Depreciation on assets sold, discarded or demolished during the year is being provided up to the month in which such assets are sold, discarded or demolished.
- v) Depreciation and amortization methods, useful lives and residual values are reviewed at each financial year end and adjusted prospectively
- vi) Leasehold lands are amortized over the period of the lease.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company

f. Intangible Assets and Amortization:

Intangible assets are recognized only if it is probable that the future economic benefits attributable to asset will flow to the Company and the cost of asset can be measured reliably. The Company determines the useful life as the period over which the future economic benefits will flow to the Company after taking into account all relevant facts and circumstances.

Intangible assets are measured at cost. Following initial recognition, intangible asset is carried at acquisition/development cost less accumulated amortization and accumulated impairment loss if any. Cost of Intangible asset includes purchase price including non – refundable taxes and duties, borrowing cost directly attributable to the qualifying asset and any directly attributable expenditure on making the asset ready for its intended use.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset. Intangible assets are amortised on a straight-line basis over their estimated useful lives.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is recognised.

g. Impairment of Non-Financial Assets:

At the end of each reporting period, the Company reviews the carrying amounts of non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

h. Non-Current assets (or disposal Company) classified as held for disposal:

Assets are classified as held for disposal and stated at the lower of carrying amount and fair value less costs to sell. To classify any Asset as "Asset held for disposal" the asset must be available for immediate sale and its sale must be highly probable. Such assets or Company of assets are presented separately in the Balance Sheet, in the line "Assets held for disposal". Once classified as held for disposal, intangible assets and PPE are no longer amortised or depreciated.

The management must be committed to the sale/ distribution expected within one year from the date of classification.

i. Inventories:

Raw materials, fuel, stores & spare parts and packing materials

Valued at lower of cost and net realisable value (NRV). However, these items are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. The cost is computed on weighted average basis which includes expenditure incurred for acquiring inventories like purchase price, import duties, taxes (net of tax credit) and other costs incurred in bringing the inventories to their present location and condition

Work-in-progress (WIP), finished goods, stock-in-trade and trial run inventories:

Valued at lower of cost and NRV. Cost of Finished goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories is computed on weighted average basis.

Waste / Scrap:

Waste / Scrap inventory is valued at NRV. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Obsolete, defective, slow moving and unserviceable inventories, if any, are duly provided for.

j. Borrowing Costs:

Borrowing costs that are directly attributable to the acquisition, construction or development of a qualifying asset are capitalized as part of the cost of the respective asset till such time the asset is ready for its intended use. A qualifying asset is an asset which necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the period in which they occur.

Borrowing costs consist of interest, amortization of discounts, hedge related cost incurred in connection with foreign currency borrowings and exchange difference arising from foreign currency borrowings to the extent they are treated as an adjustment to the borrowing cost and other costs that an entity incurs in connection with the borrowing of funds.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred

k. Government Grant:

Government Grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to Statement of Profit & loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset. When loans or similar assistance are provided by the government or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

I. Provisions, Contingent Liabilities and Contingent Assets:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects current market assessment of time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non -occurrence of one or more uncertain future events not wholly within the control of the Company. Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realized. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and is recognized.

m. Revenue Recognition:

Revenue is recognized on the basis of approved contracts regarding the transfer of goods or services to a customer for an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Revenue is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of returns and discounts to customers. Revenue is recognised when the control over the goods have passed to the buyer. Sales are disclosed net of Goods & Service tax, discounts and Sales return.

Interest Income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable

Export Incentives are accounted for to the extent considered recoverable by the Management.

Rental income on assets given under operating lease arrangements is recognized on a straightline basis over the period of the lease unless the receipts are structured to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases.

n. Lease:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset, or assets and the arrangement conveys a right to use the asset, or assets even if that right is not explicitly specified in an arrangement.

Operating Lease:

Leases, where significant portion of the risks and rewards of ownership are retained by the lessor, are classified as operating leases and lease rentals thereon are charged to the Statement of Profit and Loss on a straight-line basis over the lease term, unless the lease agreement explicitly states that the increase is on account of inflation.

Finance Lease:

Leases, where substantially all the risks and benefits incidental to ownership of the leased item are transferred to the Lessee, are classified as finance lease. The assets acquired under finance lease are capitalised at lower of fair value and present value of the minimum lease payments at the inception of the lease and disclosed as leased assets. Such assets are amortised over the period of lease or estimated life of such asset, whichever is less. Lease payments are apportioned between the finance charges and reduction of the lease liability based on implicit rate of return. Lease management fees, lease charges and other initial direct costs are capitalised.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

o. Employee Benefit Expense:

Defined benefit plan:

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation/superannuation. The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees.

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income. Re-measurement recognised in Other Comprehensive Income ('OCI') is reflected immediately in retained earnings and will not be reclassified to Statement of Profit and Loss.

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

The defined benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Defined contribution plan

Employee benefits in the form of contribution to superannuation fund, provident fund managed by Government authorities, Employees state Insurance Corporation and Labour Welfare Fund are considered as defined contribution plan and the same is charged to Statement of Profit or Loss for the year when the contributions to the respective funds are due.

Other long-term employee benefits:

The Company has a scheme for leave encashment for employee, the liability for which is determined on the basis of an actuarial valuation carried out at the end of the year using Projected Unit Credit method.

Short Term Employee Benefits:

Short-term employee benefits are recognised as an expense on accrual basis.

p. Income Taxes:

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the OCI or in equity. In which case, the tax is also recognized in OCI or equity.

Current Tax:

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are

those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and established provisions, where appropriate.

Deferred Tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent it is reasonably certain that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised, it is credited to the Statement of Profit and Loss and is considered as MAT Credit Entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income Tax during the specified period. Minimum Alternate Tax (MAT) Credit are in the form of unused tax credits that are carried forward by the Company for a specified period of time, hence, it is presented with Deferred Tax Asset.

q. Foreign Currency Transactions:

Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction As at balance sheet date, foreign currency monetary items are translated at closing exchange rate. Foreign currency non-monetary items carried at fair value are translated at the rates prevailing at the date when the fair value was determined. Foreign currency non-monetary items measured in terms of historical cost are translated using the exchange rate as at the date of initial transactions.

Exchange difference arising on settlement or translation of foreign currency monetary items are recognized as income or expense in the year in which they arise except to the extent exchange

differences are regarded as an adjustment to interest cost on those foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings

r. Earnings Per Share:

The basic Earnings Per Share ("EPS") is computed by dividing the net profit / (loss) after tax for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue and share split, if any that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted EPS, net profit/(loss) after tax for the year attributable to the equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

s. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial Assets & Financial Liabilities are recognized when the Company becomes party to contractual provisions of the relevant instrument.

Initial Measurement:

At initial recognition, the Company measures a financial asset and financial liabilities at its fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Amortised Cost:

A financial asset shall be classified and measured at amortised cost if both of the following conditions are met:

 the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and

 the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in statement of profit or loss. This category generally applies to trade and other receivables.

Fair Value through Other Comprehensive Income ('FVOCI'):

A financial asset shall be classified and measured at FVOCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial Asset included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the Other Comprehensive Income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On de-recognition of the asset, cumulative gain or loss previously recognised in OCI is re-classified from the equity to Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Fair Value through Profit or Loss ('FVTPL'):

FVTPL is a residual category for Financial Asset. Any debt instrument, which does not meet the criteria for categorization as at amortised cost or as FVOCI, is classified as at FVTPL.

Financial Assets included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Equity instruments:

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classifed as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognized in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

Impairment of financial assets:

The Company assesses on a forward looking basis the expected credit losses associated with its assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For Financial Assets, the Company applies 'simplified approach' as specified under Ind AS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables. The application of simplified approach does not require the Company to track changes in credit risk. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

Derecognition of Financial Instruments:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in statement of profit or loss if such gain or loss would have otherwise been recognised in statement of profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in statement of profit or loss if such gain or loss would have otherwise been recognised in statement of profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Classification and Subsequent Measurement: Financial Liabilities

Fair Value Measurement:

The Company measures financial instruments, such as investments (other than equity investments in Subsidiaries, Joint Ventures and Associates) and derivatives at fair values at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: In the principal market for the asset or liability, or In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities (for which fair value is measured or disclosed in the financial statements) are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable other than quoted prices included in level 1.
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for disposal in discontinued operations.

At each reporting date, Management analyses the movements in the values of assets and liabilities, which are required to be remeasured or re-assessed as per the Group's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

Financial Liabilities:

Financial liabilities are classified, at initial recognition as fair value through profit or loss:

Loans and borrowings,

- Payables, or
- as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value, and in the case of loans and borrowings and payables are recognised net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, loans and borrowings, including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent Measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities at FVTPL:

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group, that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading, unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss. Financial liabilities, designated upon initial recognition at FVTPL, are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied.

Loans and Borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in the Statement of Profit and Loss, when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

De-recognition of Financial Liabilities:

The Group de-recognises financial liabilities when and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability de-recognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

t. Cash and cash equivalent

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand, including fixed deposit with original maturity period of three months or less and short-term highly liquid investments with an original maturity of three months or less, that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

u. Cash Flow Statement:

Cash flows are reported using the indirect method, whereby the net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

v. Derivative Financial Instruments and Hedge Accounting:

The Company enters into derivative financial instruments viz. foreign exchange forward contracts to manage its exposure foreign exchange rate risks. The Company formally establishes a hedge relationship between such forward currency contracts ('hedging instrument') and recognized financial liabilities ('hedged item') through a formal documentation at the inception of the hedge relationship in line with the Company's Risk Management objective and strategy. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognized at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in statement of profit or loss immediately excluding derivatives designated as cash flow hedge.

Recognition and measurement of fair value hedge:

Hedging instrument is initially recognized at fair value on the date on which a derivative contract is entered into and is subsequently measured at fair value at each reporting date. Gain or loss arising from changes in the fair value of hedging instrument is recognized in the Statement of Profit and Loss. Hedging instrument is recognized as a financial asset in the Balance Sheet if its fair value as at reporting date is positive as compared to carrying value and as a financial liability if its fair value as at reporting date is negative as compared to carrying value.

Hedged item (recognized financial liability) is initially recognized at fair value on the date of entering into contractual obligation and is subsequently measured at amortized cost. The hedging gain or loss on the hedged item is adjusted to the carrying value of the hedged item as per the effective interest method and the corresponding effect is recognized in the Statement of Profit and Loss.

On Derecognition of the hedged item, the unamortized fair value of the hedging instrument is recognized in the Statement of Profit and Loss

w. Segment Reporting:

Identification of Segments:

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's management to make decisions for which discrete financial information is available. Operating Segments are identified based on monitoring of operating results by the chief operating decision maker (CODM) separately for the purpose of making decision about resource allocation and performance assessment.

Operating Segment is identified based on the nature of products and services, the different risks and returns, and the Internal Business Reporting System.

Based on the management approach as defined in Ind AS 108, the management evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

x. Cash Dividend to Equity Holders of the Company:

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in other equity.

Note 1(B): Significant Accounting Judgements, Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the following notes:

a. Useful Lives of Property, Plant & Equipment:

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life. The useful lives of the Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

b. Defined Benefit Plans and Compensated Absences:

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates.

Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

c. Expected Credit Losses on Financial Assets:

The impairment provisions of financial assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

d. Fair Value measurement of Financial Instruments:

When the fair values of financials assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

b) Estimated amount of contracts remaining to be executed on capital account and not provided for (Net of advances) - ₹767.16 lakhs (Previous Year ₹35.97 lakhs)

- c) SIPCOT has raised a demand of ₹12.00 lakhs for payment of additional cost for the land at Cuddalore taken on long-term lease together with interest @ 16.5%p.a. The Company has paid an initial amount of ₹6.00 lakhs in 1995 and additional amount of ₹6.00 lakhs in 2001, as per the directions of the Honourable High Court of Madras. However, SIPCOT has preferred an appeal against the order of the High Court challenging the waiver of interest. Matter is pending at High court of Madras.
- d) Renewable Power Obligation (RPO): The company had initially filed a petition with Hon'ble Tamil Nadu Electricity Regulatory Commission (TNERC) to declare its 2.3 MW cogeneration plant exempt from RPO obligation. The said petition was dismissed by Hon'ble TNERC on 13th November 2015 relying on an order passed by Hon'ble Appellate Tribunal for Electricity (APTEL) in a different petition which the company believed the facts of the case has no applicability to the factors of its petition and also based on erroneous premise that its plant is a fossil-fuel based cogeneration plant. Aggrieved by the order the company filed an appeal with Hon'ble APTEL which was favorably considered by APTEL vide its order dated 2nd January 2019, setting aside TNERC's original order mentioned above.
- e) During the Financial Year 1991 92 the Company has received a notice from the Tamil Nadu Sales Tax authorities towards levy of tax etc. on sales effected from Pondicherry Depot during 1989-90 and 1990-91. Based on the directions of the Honourable High Court of Madras, the Appellate Assistant Commissioner, Commercial Taxes, Chennai passed the order in favour of the company thereby reducing the demand to ₹52.77 lakhs. The amount has since been paid under protest. The company has also filed a writ petition before Honourable High Court of Madras, for granting refund of tax paid earlier to Pondicherry Government. As a matter of abundant caution, provision has been made in these accounts for the disputed amount of ₹52.77 lakhs.
 - The Honourable High Court had passed Order vide SR No.49922 dated 1st September, 2016, disposing the all writ petitions filed earlier on various occasions and giving liberty to the Company (Petitioner) to file an appeal before the Tamil Nadu Sales Tax Appellate Tribunal within Sixty days from the receipt of the order, who shall entertain the appeal without reference to the limitation. Accordingly, the Company has filed an appeal before The Tamil Nadu Sales Tax Appellate Tribunal on 6th January, 2017, pursuant to the judgement order dated 01.09.2016 delivered on 22/11/2016 and appeal proceeding is awaited.
- f) The Company had implemented Isobutyl Acetophenone (IBAP) project during 2010-11 with a capital outlay of ₹1,477.27 lakhs and has made some modifications during 2011-12, 2012-13 and 2015-16 with additional capex amounting to ₹85.66 lakhs to resolve technical issues faced. The company had signed a Memorandum of Understanding (MOU) with an interested party for transfer of machinery and technology at an agreed value subject to certain conditions in 2012-13 and initially had recognized impairment provision of ₹277.96 lakhs in 2012-13. Based on the current estimate of recovery from the project, the management has recognized further impairment of ₹323.53 Lakhs for the current financial year.
- g) The company has a process of evaluating financial impact of pending litigation on Financial Statement and making necessary provision in terms of prevailing accounting practices.
- h) The Company has a process whereby periodically all long term contracts are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts has been made in the books of account.
- i) "The Hon'ble Supreme Court of India ("SC") by their order dated February 28, 2019, in the case of Surya Roshani Limited & other v/s EPFO, set out the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purpose of computation of Provident Fund contribution. Subsequently, a review petition against this decision has been filed and is pending before the SC for disposal.

29.5. Fair Value Measurement:

The management assessed that cash and bank balances, trade receivables, trade payables, cash credits and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company has established the following fair value hierarchy that categorises the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

- Level 1: This hierarchy uses quoted (unadjusted) prices in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities-

29.6. Financial risk management objectives and policies:

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, investments, and cash & cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of foreign currency risk. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables, payables and borrowings. The sensitivity analyses in the following sections relate to the position as at 31st March, 2019 and 31st March, 2018.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31st March, 2019 and 31st March, 2018.

(i) Foreign currency risk

The Company may also have foreign currency exchange risk on procurement of raw materials. The Company manages this foreign risk using derivatives, wherever required to mitigate or eliminate the risk

Foreign currency sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in rate of USD, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. (₹ in Lakhs)

| Basis Points | 2% increase | 2% decrease | 2% increase | 2% decrease |
| Effect on profit before tax (Amount) | 2.42 | (2.42) | (6.77) | 6.77 |

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i. Actual or expected significant adverse changes in business,
- ii. Actual or expected significant changes in the operating results of the counterparty,
- iii. Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv. Significant increase in credit risk on other financial instruments of the same counterparty,
- v. Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there are no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company.

Assets in the nature of Investment, security deposits, loans and advances are measured using 12 months expected credit losses (ECL). Balances with Banks is subject to low credit risk due to good credit rating assigned to these banks. Trade receivables are measured using life time expected credit losses.

Financial Assets for which loss allowances is measured using the Expected Credit Losses (ECL):

c) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. The Company determines its liquidity requirements in the short, medium and long term. This is done by drawing up cash forecast for short and medium term requirements and strategic financing plans for long term needs. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

d) Capital Management

For the purposes of the Company's capital management, capital includes issued capital, share premium and all other equity reserves attributable to the equity holders. The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to our shareholders.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. We consider the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt.

- 29.9. The company operates in single segment i.e, Fluro- Chemicals in India and all other activities evolve around the same. Hence, there is no reportable primary/secondary segment
- 29.10. Despite losses and reducing net worth, the financial statements of the Company have been prepared on 'Going Concern' basis having regard to business plans of the Company and continued financial support from a promoter.
- 29.11. The Company has adopted Ind AS 115 "Revenue from Contracts with customers" effective from 1st April, 2018, adhering to the full retrospective approach. The application of Ind AS 115 did not have significant impact in these financial statements. All sales are made at a point in time and revenue recognised upon satisfaction of the performance obligations which is typically upon dispatch/delivery.

29.12. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") has notified following amendments to Ind AS on 30th March 2019 which is effective for the annual period beginning on or after 1st April 2019.

a). Ind AS 116 "Leases":

On 30th March 2019, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) Amendment Rules, 2019, notifying Ind AS 116 "Leases", which replaces Ind AS 17 "Leases". The new standard (Ind AS 116) introduces a single on-balance sheet lease accounting model for lessee. This will result in the company recognising right of use assets & lease liability in the books.

The Company is in the process of analysing the impact of Ind AS 116 on its financials.

b) Ind AS 12 - Appendix C, Uncertainty over Income Tax Adjustments

The amendment requires an entity to determine probability of the relevant tax authority accepting the uncertain tax treatment that the Company has used in tax computation or plan to use in their income tax filings.

c) Amendment to Ind AS 12 - Income taxes

The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

d) Ind AS 19 - Plan amendment, curtailment or settlement

The amendments require an entity to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement and to recognize in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Based on preliminary assessment, the Company does not expect any significant impact on its financial statements on account of above (a), (b), (c) and (d) amendments.

29.13. Previous year figures are regrouped or rearranged wherever considered necessary.
